**Addendum A: Student Conduct Definitions**  
**Addendum B: Student Rights and Responsibilities**  
**Addendum C: Student Rights for Sexual Misconduct Cases**  
**Addendum D: Student Organization Rights and Responsibilities**
Introduction

The University of Illinois at Chicago (UIC) community includes students, staff, faculty, and others who have a vested interest in the University. Members of our community pride themselves on academic, personal, and professional excellence, and value integrity, accountability, and respect. The Student Disciplinary Policy underscores the pride and the values that define our community while providing UIC students with a framework to guide their actions and behaviors.

As members of the UIC community, students assume obligations of academic performance and conduct reasonably imposed by the institution and consistent with its objectives and mission. UIC students and Student Organizations are expected to act in accordance with University policies, rules, and regulations, and local, state and federal laws. Students should be aware that they are responsible not only for their behavior, but also for the impact of their actions.

The purpose of the Student Conduct process is to assist students in the development of a responsible lifestyle which is rewarding to the individual student, respectful of the rights of others, and compatible with the legal norms of society. The Student Conduct process plays a supportive role in the development of responsible student behavior. If the behavior of a student conflicts with established university standards, the Student Conduct process seeks to educate the student about the personal and social consequences of their behavior.

The actions imposed in the Student Conduct process may include educational and disciplinary measures which are designed to contribute to the growth of the student and the welfare of the community. Because the primary goal of the Student Conduct process is educative, the process is not analogous to criminal or civil court proceedings, which are primarily punitive in nature but is, instead, conducted in a non-adversarial manner meant to inform and educate students.
I. AUTHORITY AND JURISDICTION

A. Authority
The University of Illinois Statutes vest in the Senate Committee on Student Affairs, the responsibility for establishing a committee or other body concerned with discipline. (See University of Illinois Statutes, XI.2.a.). These subcommittees shall have original jurisdiction to hear and render decisions in all disciplinary cases. The Statutes authorize the subcommittee(s) to formulate and adopt a student disciplinary policy and procedure. Pursuant to that statutory provision, the Student Conduct Committee and Referral Committee, as well as the UIC Student Disciplinary Policy, were established. In no event should this policy be utilized for anything but evaluating and resolving allegations of the violations of the Standards of Conduct described in this policy. Copies of the of Student Disciplinary Policy are available from the Office of the Dean Students (DOS) and online at dos.uic.edu.

B. Jurisdiction
This policy governs both the Chicago campus as well as all regional sites of the University of Illinois at Chicago.

1. On-Campus: The Student Disciplinary Policy applies to the on-campus conduct of students and Student Organizations.

2. Off-Campus: The Student Disciplinary Policy also applies to the off-campus conduct of students and Student Organizations in connection with any required educational activity or co-curricular experience (e.g., a professional practice assignment, internship, field trip, student teaching assignment, research, student leadership conference, social event, or event sponsored, conducted, or authorized by the University. The Student Disciplinary Policy may also be utilized to address student conduct occurring off campus that affects the interests or environment of the university community and/or individual members or specific groups within that community including, but not limited to, behavior that:
   a. Constitutes a violation of local, state or federal law (e.g., all alcohol and or/drug violations and other repeat violations of any local, state, or federal law).
   b. Poses a threat to the health or safety of the student or others.

C. Student Disciplinary Policy and Violations of Law
Violations of the Standards of Conduct set forth in this policy may also constitute violations of criminal or civil law. The Student Conduct proceedings are independent of the criminal or civil process, and will not be delayed, abandoned, or withdrawn pending the outcome of the criminal or civil process or as a result of any findings made through that process. Further, disciplinary sanctions may be imposed regardless of any findings made through the criminal or civil process.

D. Student Disciplinary Policy and Campus Housing
Students involved in misconduct as residents of any Campus Housing facility will be held accountable through the Campus Housing Code of Conduct. Campus Housing is authorized to utilize its established procedures to hear cases of alleged student misconduct for incidents that occur in campus housing facilities and it has the authority to issue sanctions which affect a student’s resident status. Campus Housing may also issue interim measures for its residents based on the contractual obligations outlined in the housing contract. Although Campus Housing may choose to hear cases of student misconduct occurring in housing facilities, the following cases must be referred to the Office of the Dean of Students for a formal review and appropriate administrative action:
   1. Behavior that poses an imminent risk to the safety of the student or other students;
2. Serious infractions of the Student Disciplinary Policy including, but not limited to the
destruction of property; possession of weapons; bomb threats; use, sale, or possession
of illegal drugs; or violations of local, State, or Federal laws;
3. Conduct that may lead to removal from housing;
4. Misconduct committed by a non-resident in or around a campus housing facility;
5. Repeated violations of the Campus Housing Code of Conduct; or
6. All incidents of alleged sexual misconduct, which include sexual assault, domestic violence,
stalking, and dating violence.

E. Student Disciplinary Policy and Student Organizations
1. The Dean of Students investigates, hears, and makes the decisions for all serious allegations
of violations of the Standards of Conduct for student organizations. The Student Disciplinary
Policy applies to both the conduct of individual students as well as student organization.
The conduct, either of commission or of omission, by one or more members of a student
organization (e.g., general members, officers, or new/associate members) may subject the
organization to the jurisdiction of this policy. Student organizations may be charged with
alleged violations of this policy without regard to whether members of such organizations
are individually charged with alleged violations arising from the same misconduct. Misconduct
may be considered reasonably associated with a student organization when one or more of the
following criteria are met:
   a. The conduct is endorsed by the student organization and/or any of its officers through, for
      example: active or passive consent or encouragement; having prior knowledge the
      conduct
      was reasonably likely to occur; or helping to plan, advertise, or promote the conduct;
   b. The conduct is committed during an activity paid for by the student organization, or paid
      for as a result of one or more members of the student organization contributing personal
      funds in lieu of organizational funds to support the activity or conduct in question;
   c. The conduct occurred on property owned, controlled, rented, leased, or regularly used by
      the student organization or any of its members or alumni;
   d. The purpose of the activity was related to initiation, admission into, affiliation with, or as a
      condition for continued membership in the student organization;
   e. Non-members of the student organization learned of the activity from members,
      advertisements, or communications associated with the student organization (i.e., Twitter,
      GroupMe, etc.), or otherwise formed a reasonable belief that the conduct or activity was
      affiliated with or endorsed by the student organization;
   f. Members of the student organization attempted to conceal the activity or protect other
      members who were involved; or
   g. One or more officer(s) of the student organization had prior knowledge, or reasonably
      should have known the activity/event would take place and took no action to prevent it
      (e.g., canceling the event, notifying the Dean of Students, University or local police, etc.)
2. Student organization misconduct that does not constitute a violation of the Standards of
Conduct of this policy will be handled by the student organization’s respective advising area
[e.g., Center for Student Involvement (CSI), Campus Recreation, Fraternity and Sorority Life
(FSL), or an academic college/department/unit]. The following cases must be referred to
the Dean of Students for a formal review and consideration of formal student conduct
proceedings:
   a. Behavior that poses an imminent threat to the safety of the student, student organization,
      or any members of the university community;
b. Serious infractions of this policy including, but not limited to: the destruction of property, possession of weapons, bomb threats, use, sale, or possession of illegal drugs, hazing, physical abuse/violent behavior, or violation of local, state, or federal laws;

c. Repeated violations previously addressed by the student organization's respective advising area; or

d. All incidents of alleged sexual misconduct, which include sexual assault, sexual harassment, domestic violence, stalking, and dating violence

3. Student governance organizations includes but is not limited to the following:

   a. College Panhellenic Council (CPC);
   b. Greeks of the Pan-Asian American Council (GPAAC);
   c. Interfraternity Council (IFC),
   d. Latino Greek Council (LGC);
   e. National Pan-Hellenic Council (NPHC);
   f. Undergraduate Student Government (USG);
   g. The John Marshall Law School Student Bar Association;
   h. The Graduate Student Council (GSC); and
   i. The Health Profession Student Council (HPSC)

4. Student organization members are expected to observe at all times internal policies of the organization, including but not limited to rules set by student governance organizations, state or local, national, or international headquarters. Student organizations are also expected to observe the policies and rules established by the Center for Student Involvement (CSI), Campus Recreation, Fraternity and Sorority Life (FSL), or an academic college/department/unit.

5. Allegations of student organizational misconduct may be adjudicated before, at the same time as, or following related cases of alleged individual misconduct.

F. **Student Disciplinary Policy and University Policies/Procedures**

The Office of the Dean of Students will work with other offices, as appropriate, to address any conflicts associated with concurrent processes to address the same behavior.

1. **Academic Misconduct/Professionalism:** It is acknowledged that certain behaviors may be categorized as both disciplinary (e.g., behavior that falls within the definitions of the Standards of Conduct contained herein) and academic in nature. This policy recognizes faculty members—as well as other members of a college/department—may exercise discretion in making academic decisions and evaluations (e.g., issuing a failing grade for an assignment or class) based upon a student’s academic performance, even if that performance includes academic misconduct described in this policy, without making a referral for disciplinary action under this policy. In addition, to the extent that a college or other academic unit adopts an alternative policy or process for assessing academic performance, including behavior which may be described in this policy, but which also relates to a college’s academic standards (e.g., academic misconduct or violation of professional standards), it is at the discretion of the faculty member, academic unit, or college to determine whether to submit the matter to its own process or to this one for resolution.

2. **Students with Special Relationships to the University:** Students who are athletes, student leaders, employees, or hold other unique relationships with the University, and whose behaviors violate the Student Disciplinary Policy, may also fall within the jurisdiction of another university policy or process associated with that relationship. Likewise, employees who enter into a relationship with the University as students may be held accountable for misconduct through the Student Conduct process in addition to any action one faces as an employee.
3. **University Policies:** Although other policies and procedures may exist to address student policy violations, the following matters must be referred to the Office of the Dean of Students for consideration of formal Student Conduct proceedings (either instead of or in addition to other applicable policies or procedures):
   a. Behavior that poses an imminent risk to the safety of the student or any members of the university community;
   b. Serious infractions of the Student Disciplinary Policy including, but not limited to: the destruction of property; possession of weapons; bomb threats; use, sale, or possession of illegal drugs; or violations of local, state, or federal laws;
   c. All incidents of alleged sexual misconduct, which include sexual assault, domestic violence, stalking, and dating violence

G. **Student Status and Holds**
   In order to be subject to the Student Disciplinary Policy, the alleged misconduct must have occurred while the individual was a student, as defined by this policy. A student charged with violating the Standards of Conduct may not avoid the conduct process by withdrawing from courses and/or the University. Student conduct proceedings may continue as described in this document without the student’s participation, and/or, at the discretion of the Dean of Students, a hold may be placed on the student’s record prohibiting further registration, graduation, issuance of a degree or transcript, and/or release of transcripts.

H. **Retaliation**
   The act of taking or attempting any adverse action (e.g., intimidation, threaten, coerce, improperly influence, etc.) against any member of the university community based on the person’s reporting or participation in the student conduct process outlined in this policy. Retaliation includes behavior on the part of the respondent, the complainant, and/or other related persons, including, but not limited to: acquaintances, witnesses, friends, or family members. Retaliation is strictly prohibited and any type of retaliatory behavior should be reported immediately through the Student Misconduct Incident Report form at (http://go.uic.edu/ConductIR). Although independent disciplinary action may be taken against anyone engaging in retaliation, the complainant and the respondent shall discourage such actions and may be held responsible to the extent of their involvement in the retaliation.

II. **STUDENT RIGHTS AND RESPONSIBILITIES**
   Student complainants and respondents have the rights and responsibilities as described in Addendum B.

III. **REPORTING STUDENT MISCONDUCT**
   The Office of the Dean of Students encourages members of the university community to report violations of the University’s Standards of Conduct by filing a formal complaint. A complaint should be filed as soon as possible after the alleged misconduct occurred and should describe the incident, the alleged violation(s) of the Standards of Conduct, and identify the individuals involved in or witness to the misconduct. Additional materials that support the complaint should be submitted (e.g. photos, written correspondence, copies of emails and/or texts).

   A. **How to File a Complaint**
      Reports may be made utilizing the University’s online incident reporting forms. To report non-academic misconduct, please use the Student Misconduct Incident Report at
go.uic.edu/conductIR. To report academic misconduct, please use the Academic Integrity Incident Report at go.uic.edu/academicIR.

B. False Complaints
The University considers the intentional filing of a false complaint as a serious matter. It is a violation of the Student Disciplinary Policy to make an intentionally false complaint.

C. Complaint Review Process
1. Initial Review of Complaint: Upon receiving a complaint, the Office of the Dean of Students will review the information acquired from the complainant and may conduct an initial investigation to determine if there is sufficient information to proceed with the Student Conduct process. If the complaint does not contain adequate documentation, the complainant may be contacted to provide additional information or clarification regarding the incident. Preliminary meetings with the complainant, respondents, and/or witnesses may occur prior to initiating the Student Conduct process. The Dean of Students reserves the right to initiate a case without a formal complaint and to investigate anonymous reports.

2. Initiation of the Student Conduct Process: At the conclusion of the review of the complaint if there is reliable information indicating that misconduct may have occurred, the Student Conduct process will be initiated, creating a conduct case. The outcome of an initial review includes, but is not limited to:
   a. Case Not Pursued: If there does not appear to be credible or sufficient information to suggest a violation of the Standards of Conduct occurred, the complaint will not move forward through the formal Student Conduct process. The complaint and any information gathered during the preliminary investigation will be retained by the Dean of Students to document that the situation was reviewed.
   b. Informal Response: If the conduct described in the complaint is concerning, but does not appear to be a violation of the Standards of Conduct (such as repeated low-level behaviors) or falls outside the jurisdiction of the policy, there may still be an institutional response without the initiation of the formal Student Conduct process. For example, the student may be asked to meet with a staff member to discuss the conduct or participate in a mediated conversation.
   c. Mutual Agreement: For relatively minor infractions of the conduct code, where (1) the student accepts responsibility for the misconduct, and (2) both the student and complainant agree to a sanction or sanctions prescribed by the Dean of Students, a final decision reflecting that mutual agreement may be issued. That decision will reflect that there will be no subsequent proceedings or right to appeal. The decision that is issued in these circumstances should be signed by both parties, and should specifically reflect the following:
      1. that the student accepts responsibility for violation of the specific Standards of Conduct related to the incident,
      2. that both the student and complainant have been informed of their respective rights to move the matter forward to a conduct hearing as set forth in the Student Disciplinary Policy,
      3. that both have agreed to waive the rights to a hearing,
      4. that the decision/agreement reflects the mutual agreement of the parties and DOS for sanctions related to the violation(s), and
      5. that both parties understand their respective signatures on the agreement reflect their agreement with the terms of the mutual decision and a waiver of any appeal rights.
d. **Referral Committee Review (Academic Complaints):** All complaints alleging a violation of the Standards of Conduct related to academic integrity submitted through this policy will be reviewed by the Referral Committee. The role of the Referral Committee is to determine whether or not the complaint should be dismissed for insufficient evidence/grounds or referred for a hearing. The Referral Committee will make a decision by majority vote and the decision will be issued in writing, with copies going to the complainant and the Dean of the College in which the respondent is enrolled (as appropriate). For repeated or multiple allegations of academic integrity, the Dean of Students will determine whether a complaint should be referred to a Student Conduct Hearing. In this instance, the Referral Review Committee may review these complaints to confirm that there is sufficient evidence/grounds to proceed with a Student Conduct Hearing.

e. **Dean of Students Review (Behavioral Complaints):** All complaints alleging a violation of the Standards of Conduct other than or in conjunction with academic integrity will be reviewed by the Dean of Students. The Dean of Students will determine if the complaint should be: dismissed based on insufficient grounds/evidence; referred for an informal response for mutual agreement; referred to another university department (per applicable policy or procedures); referred to an Administrative Hearing; or referred to a Student Conduct Hearing.

f. **Referral to Title IX Coordinator for Investigation:** If the conduct described in the complaint alleges a violation of the UIC Sexual Misconduct Policy, the complaint will be forwarded to the Title IX Coordinator. The Title IX Coordinator will review the complaint and determine the appropriate action which may include an investigation. Once the Title IX investigation is complete, the complaint will be referred to the Dean of Students for further action. Refer to the UIC Sexual Misconduct website at sexualmisconduct.uic.edu.

g. **Referral to University Departments:** The Office of the Dean of Students may determine the case should be handled—instead of or in addition to the Dean of Students—by another office (e.g., Campus Housing, Center for Student Involvement, Campus Recreation, and UIC Police Department) and will refer the case to the appropriate office for review and action.

D. **Notice to the Student**

1. After receiving a complaint, the Executive Director will send the respondent a written notice, a copy of the complaint, and information regarding where to obtain the Student Disciplinary Policy. The notice will include a copy of the Student’s Rights and Responsibilities as set forth in Addendum B.

2. The standard and primary method of communication to correspond with students about matters covered by this policy is through university email (netid@uic.edu). Notices may also be delivered via US Postal Service, mailed to a student’s address as listed in their official records held by the Office of the Registrar, hand-delivered to the student, or given to the student in the Office of the Dean of Students. The Dean of Students may place a hold on the records of a student who fails to comply with any notice.

3. Students may request a meeting with the Dean to learn more about the Student Conduct process, the Student Disciplinary Policy, and any information related to the alleged violations.

4. Failure to respond to notices delivered via Article III, Section E2 may constitute a separate violation of this policy. Failure of the respondent to respond to these notices shall in no way prevent the University from scheduling and initiating the Student Conduct process (as outlined in Article III, Section C) in the absence of the respondent.

E. **Request for a Delay**
Requests for a delay related to the Student Conduct process will be considered only in extraordinary circumstances.

**F. Interim Measures**

1. Interim measures may be put into place at any time after the initial reporting of alleged misconduct for the following reasons (non-exhaustive list):
   a. To protect the health, welfare, or safety of a student, student organization, or the university community;
   b. To prevent or address significant disruption to the educational process and/or the normal operations of the University;
   c. To provide legally mandated interim remedies, such as may be required for the University to comply with Title IX or as ordered by a court; and/or
   d. If the student cannot be located and/or does not participate in the conduct process.

2. If interim measures are necessary, the student(s) or student organization(s) affected by the measures will be provided with a written notice outlining the restrictions or changes that have been imposed. The interim measure notices will be sent to both the complainant and the respondent. In addition, the notices will specify the measures that have been put into place and the reason(s) for the action. Interim measures will vary depending upon the facts of each case.

3. Interim measures will not include a termination of the respondent’s status as a student, and will not be construed as a finding of responsibility. A student’s failure to abide by any or all of the interim measures may be considered an additional violation of the Student Disciplinary Policy.

4. Interim measures may include, but are not limited to:
   a. Change of Campus Housing room assignment or removal/ban from Campus Housing;
   b. Change of dining/parking/transportation arrangements;
   c. Restrictions on participation in student organizations and student/university activities;
   d. Change in work schedules/assignments;
   e. Alteration of academic schedules;
   f. Withdrawal from/retake of a class without penalty;
   g. Limited access to university services;
   h. Restricted access to university buildings/facilities;
   i. Campus no-contact directives;
   j. Imposition of a disciplinary hold.
   k. Interim Suspension

5. In addition to the interim measure(s) listed above, in certain circumstances, it may become necessary to impose interim measure(s) for a student organization while a conduct matter is being addressed. They may include, but are not limited to:
   a. Suspension of All Activities of Student Organization (Cease & Desist): All operations and activities of the student organization must immediately end until further notice. This includes, but is not limited to, new members programs, social events, representation at University events, chapter meetings, electing new officers and hosting, sponsoring or cosponsoring any event. The student organization will not be eligible to receive any campus privileges (e.g., reserving space).

**G. Emergency Suspension**
1. If the Office of the Dean of Students becomes aware of a student whose continued participation within the university community poses an immediate threat to the health or safety of themselves or others, or poses an imminent threat of significant disruption to normal campus operations, the Dean of Students may implement emergency suspension procedures. These procedures are to be utilized only in those extraordinary situations where, in the judgment of the Dean of Students, the prescribed Student Conduct process is not appropriate, or cannot be applied in a timely manner.

2. An emergency suspension may include, but is not limited to, the following:
   a. Restriction from some or all university premises, including Campus Housing;
   b. Loss of privilege to participate in classes, either in person or electronically/virtually;
   c. Loss of privilege to participate in some or all university-related activities;
   d. Registration hold;
   e. Graduation hold (if student is on the graduation list or scheduled to graduate within the semester of the suspension); and/or
   f. Notification of suspension to academic program.

3. The student will be notified of the emergency suspension status by official UIC email, telephone, and/or in person. The notification will include an explanation for the imposition of the emergency suspension and outline the restriction(s) imposed on the student during his/her suspension.

4. After the issuance of the emergency suspension notice, the Executive Director will inform all appropriate campus administrative units of the imposition of the emergency suspension. The student will remain absent from the campus until the hearing, and failure to abide by this required absence may result in additional disciplinary action.

5. The Dean of Students will schedule a hearing within five (5) days of the student's receipt of the notice of the emergency suspension. An additional notification will be sent to the student with a date and time for the Student Conduct Hearing. The Hearing will be conducted as described within this policy (as outlined in Article VII). If the hearing is delayed or rescheduled (Article III, Section E), the suspension will remain in effect until the hearing has been completed.

H. Sexual Misconduct Complaints

1. Filing Complaints of Sexual Misconduct
   a. Complaints filed with the Dean of Students involving allegations of sexual misconduct are referred to the Title IX Coordinator in the Office of Access and Equity for an investigation and determination of responsibility. The Student Conduct process will be placed on hold until the Title IX Coordinator has completed an investigation into the sexual misconduct allegations. Interim measures and/or interim separation may be imposed by the Dean of Students prior to, during, and/or upon the completion of the Title IX investigation.
   b. In addition, allegations of sexual misconduct may come to the attention of the Title IX Coordinator by other means. Reports of sexual misconduct to certain employees (Responsible Employees) may require referral to the Title IX Coordinator for investigation.

2. Student Choice to File a Complaint
   Reporting experiences of sexual misconduct to certain university officials such as faculty, advisors, Campus Housing staff, Dean of Students staff, and UIC police may initiate a Title IX investigation. Students can choose whether they wish to file a complaint with the university. Students who are uncertain about filing a complaint or who are not certain about what processes they want to pursue can talk to confidential resources such as the Campus Advocacy Network for victim assistance and advocacy, or the Counseling Center staff for support.

3. Student Choice to Participate
While the University must investigate all cases of reported sexual misconduct, students will not be forced to talk with university officials such as the UIC police, the Title IX Coordinator, or the Dean of Students staff. Students may choose to participate or decline to participate in any university process related to sexual misconduct. However, if a student declines to participate, the University may continue to investigate the matter, initiate a formal proceeding/student conduct hearing, and issue findings/sanctions based on available information.

4. Interim Separation
An Interim Separation is an administrative action which removes a student from the university for a temporary period of time when a report of sexual misconduct indicates that there may be an ongoing threat or risk of harm to any member of the university community.

a. The Dean of Students may place a student or Student Organization on Interim Separation at any time after the initial reporting of the sexual misconduct related incident (e.g., prior to or during the Title IX investigation, during the Student Conduct process and through the completion of any appeal process). The student will be notified, in writing, of the interim separation status.

b. When an Interim Separation is imposed, the University will make reasonable efforts to complete the Title IX investigation and Student Conduct process within an expedited period. In addition, the Dean of Students in conjunction with the Title IX Coordinator will reassess the Interim Separation status on a regular basis to determine if any modifications are necessary.

I. Student Organization Complaints
1. Any person(s) having knowledge of any activity or conduct, which may constitute student organization misconduct (e.g., inappropriate use of spaces, lack of financial stewardship, etc.), should report using the Student Misconduct Incident Report at http:/ /go.uic.edu/ConductIR.

2. Student organization/team members and officers/captains should immediately report any incidents that occur within their student organization to the Office of the Dean of Students, providing a detailed description of the events that have transpired, the names of any individuals involved, and a description of any actions taken by the organization.

3. The determination of whether a case concerns individual or student organization misconduct will be determined on a case-by-case basis by the Dean of Students. Allegations of student organization misconduct may be adjudicated before, at the same time as, or following related cases of alleged individual misconduct.

4. Allegations of organizational misconduct involving sexual misconduct (i.e., sexual assault, sexual harassment, stalking, or dating or domestic violence) will be referred to the Title IX Coordinator for review and/or investigation.

5. Hazing Allegations and Amnesty
   a. Any person having knowledge of any activity or conduct, which may constitute hazing, should report it to the Dean of Students using the Hazing Incident Report at http://go.uic.edu/HazingIR or report directly to UIC Police Department.

   b. Hazing Amnesty: Students who report a hazing complaint in good faith, or victims of hazing who participate in an investigation, will not be charged with other University policy violations that are brought to light in the course of the investigation that arose out of, or were committed as a direct result of, the hazing incident(s) under investigation (e.g., students forced to consume alcohol as part of a hazing incident will not be charged with violations of the University’s alcohol policy). The University reserves the right to follow up with those students related to those issues as appropriate in a non-disciplinary setting.
6. Investigations
   a. Upon receiving a report of alleged student organization misconduct outlined in Article I - Section E2, the Dean of Students may assign the case to an investigator.
   b. The investigation will include, but is not limited to the following:
      1. Make contact (if possible) with the individual(s) bringing forward the allegation(s);
      2. Make contact with the individual(s) alleged to have perpetrated the violations. If the conduct is organizational in nature, the investigator will contact the advisor and president of the organization under investigation;
      3. Conduct interviews with all parties, including victims, student(s) alleged in violating the Standards of Conduct, and any witnesses. Any person believed to have information relevant to an investigation may be contacted for an interview. The investigator may recommend interim measures (as described in Article III – Section F) to the Dean of Students at any point during the investigation;
      4. The investigator may require students, or a select group of students (i.e. all new members of an organization) to participate in an investigatory meeting at a predetermined time and location. Please note: ONLY Class schedules will be taken into consideration and addressed accordingly;
      5. All electronic devices must be turned off and collected upon arrival at the designated location. A staff member will remain in the waiting room during the duration of the investigation. Students invited to participate in the interview process shall be called individually to another location to meet with the Investigators. After the student meets with the investigator, they will be dismissed and not permitted to re-enter the waiting room.
      6. Any individual(s) refusing to cooperate with the investigation process may be referred for disciplinary action through the conduct process for Failure to Comply with University Directives.
      7. The investigator will also gather other relevant information or evidence, including documents, photographs, communications between the parties, medical records (subject to the consent of the applicable person) and other electronic records as appropriate.
      8. The University strives to work in partnership with the national or international offices of a student organization. To that end, the University may notify the national office of alleged organizational misconduct at any point in the process. Additionally, the University recognizes the right of a national or international office to initiate its own proceedings regarding alleged organizational misconduct. To the degree, the University believes it is appropriate, the University may honor any sanctions imposed by the national or international office of a student organization as additions to any sanctions the University imposed.
      9. Investigations are normally concluded, including submission of the investigative report, within 30 days. If additional time is needed, all parties will be notified of the reason for delay and a projected timeline for completion.
      10. The investigator will provide a written investigative report, which includes a synopsis of all relevant information, to the Dean of Students. Investigative reports will not include names or identifying information; however, it will provide pseudonyms for all participants.
      11. Upon receipt of this report, the Dean of Students will determine if alleged violations of the Standards of Conduct are warranted. If alleged violations are warranted, the
Dean of Students Office will charge the individual student(s), the involved student organization(s), and/or the President or other responsible officers of the involved student organization(s) or any other complicit bystanders in accordance with the Standards of Conduct of this Disciplinary Policy.

12. Adjudication shall be conducted pursuant to the Student Disciplinary Policy.

IV. STANDARDS OF CONDUCT

UIC students and Student Organizations are required to abide by the Standards of Conduct outlined in the Student Disciplinary Policy. The University may at any time put into place interim measures or impose disciplinary sanctions for violations of the Standards of Conduct. The Standards of Conduct include, but are not limited to, the following:

A. Academic Integrity: As an academic community dedicated to the creation, dissemination, and application of knowledge, the University of Illinois at Chicago is committed to fostering an intellectual and ethical environment based on the principles of academic integrity. Academic integrity is essential to the success of the University’s educational and research missions, and violations of the Guidelines for Academic Integrity constitute serious offenses within the entire academic community. Students are expected to comply with the UIC Guidelines for Academic Integrity found at go.uic.edu/AcademicGuidelines.

1. Violations of the UIC Guidelines for Academic Integrity include, but are not limited to:
   a. Cheating: Either intentionally using or attempting to use unauthorized materials, information, people, or study aids in any academic exercise; providing to, or receiving from another person, any kind of unauthorized assistance on any examination or assignment.

   d. Offering Bribes, Favors, or Threats: Bribing, attempting to bribe, promising favors to, or making threats against any person with the intention of affecting a record of a grade or evaluation of academic performance; any conspiracy with another person who then takes, or attempts to take action on behalf of, or at the direction of the student.
   e. Examination by Proxy: Taking or attempting to take an exam for someone else is a violation by both the student enrolled in the course and the proxy or substitute.

   a. Professional Standards: Conduct which violates any commonly recognized or generally accepted professional standards (as defined by the student’s college) including, but not limited to, unacceptable conduct in clinical, practicums, internships, or off-campus training sites. Note: A representative from the student’s college will be invited to any conduct meeting where this violation is alleged to explain the college’s professional standards.

or processes, or changing or omitting data or results such that the research is not accurately represented in the research record.

c. **Unauthorized Collaboration:** Working with others without the express permission of the instructor on an submission, whether in draft or final form, to meet course requirements (including a paper, project, take-home exam, computer program, oral presentation, or other work). Unauthorized collaboration also means using any work submitted from a previous semester of a course by another student to meet course requirements. Collaboration between students will be considered unauthorized unless expressly part of the assignment in question, or expressly permitted by the instructor.

d. **Abuse of Academic Materials:** Destroying, defacing, stealing, or making inaccessible library or other academic resource material.

B. **Standards of Classroom Behavior**
Students are expected to demonstrate behavior in the classroom that is not disruptive to the educational/learning environment. The primary responsibility for managing classroom behavior rests with the faculty. Students who engage in any behavior that results in the disruption of a class may be directed by the faculty member to leave the classroom for the remainder of the class period. A student dismissed from a class may be required to meet with an academic administrator, faculty member, or the Dean of Students before the student is permitted to return to the class. If the disruptive behavior persists, the matter may be referred for processing consistent with this policy. In addition, any behavior that occurs in the classroom that constitutes a violation of the Standards of Conduct may be referred for processing consistent with this policy.

C. **Health and Safety**
Students are expected to behave in a manner that promotes the health and safety of the university community. Violations of this standard include, but are not limited to:

Photographs and recordings made in private locations of sexual activity or that contain nudity, without the knowledge and written/recorded consent of all parties identifiable in the photos/recordings, even if the photograph or recording was originally made with the knowledge and consent of those parties. 8. **Firearms, Weapons, Explosives, or Dangerous Substances and Devices:** Illegal or unauthorized use, possession, or concealment of weapons on university premises or at
university activities. Use or brandishing of any item, even if legally possessed, in a manner that harms, threatens, reasonably causes fear, or otherwise endangers any person (including oneself).

V. SANCTIONS

A. Sanctioning Guidelines
Sanctions are designed to promote the University’s educational mission and safety of the university community, and to deter students from behavior that violates the Standards of Conduct. Some behavior may be so harmful or disruptive to the university community or to the educational process that it may require more severe sanctions. More than one sanction may be imposed in any one case. The following factors are generally considered when determining sanctions for a particular case:

1. The nature of the violation(s);
2. Prior findings of responsibility and sanction(s);
3. Mitigating circumstances surrounding the violation;
4. The student’s motivation(s) for engaging in the behavior;
5. Impact of the behavior;
6. Sanctions which have been imposed in similar cases in the past;
7. The developmental and educational impact on the student; and
8. The overall impact on the university community.

B. Disciplinary Holds
A disciplinary hold is an administrative notation on a student’s academic record that prevents the student from registering for classes, dropping or adding courses, applying for graduation, and/or obtaining an official transcript. The Office of the Dean of Students reserves the right to place disciplinary holds throughout the student conduct process, including while conduct proceedings are pending. For example, a disciplinary hold may be issued when a student has failed to complete a sanction by the deadline, failed to attend a meeting with the Office of the Dean of Students, or was not currently enrolled when the alleged violation was reported.

Any student Disciplinary holds are also placed when a student is suspended, dismissed, or expelled from the University. A disciplinary hold prohibits a student from registering for classes on any of the University of Illinois system campuses (Urbana-Champaign, Chicago, and Springfield) until the suspension or dismissal period is over and all sanctions have been completed. Any disciplinary hold issued within the University of Illinois system (Urbana-Champaign, Chicago, and Springfield) may only be removed by the issuing institution. Once imposed, a disciplinary hold will not be removed until the student has completed all outstanding sanctions and/or resolved any pending disciplinary matters, and will not be lifted in order to allow a student to register for classes.

C. Sanctions
1. Administrative Sanctions
   a. Warning
      A written warning is official notice to the student that his/her behavior has violated the Standards of Conduct of the University of Illinois at Chicago and that further misconduct could result in additional disciplinary action.

   b. No-Contact Directive
      A no-contact directive may be issued on an interim or permanent basis prior to and/or after a hearing if it is believed necessary to protect the safety of a person and/or preserve a safe environment. A no-contact directive prohibits contact with a specific individual or individuals through use of ANY means, including, but not limited to, direct or indirect (e.g., by having others act on his/her behalf) contact via verbal, physical (e.g., gestures or on paper), or electronic (e.g., email or social networking sites) means.
c. Restitution
Restitution requires a respondent to pay for (1) damages caused to people or property, (2) reimbursement of misappropriated university funds, or (3) reimbursement of other expenses incurred as a result of violations of the Standards of Conduct. Proof of full payment shall be required to clear the student's disciplinary record and failure to make payment may result in further disciplinary action.

d. Loss of Privileges
Loss of any or all privileges as a student for a prescribed period of time including, but not limited to: access to university premises or resources; eligibility for or continued participation in student leadership positions (elected or appointed), an athletic team, student organization, or club sports; student identification card privileges; and/or eligibility to enroll in a class or classes.

e. Restriction or Loss of Computing Privileges
Temporary or permanent restrictions placed on the use of university computing resources may include a prohibition on access to, or limitations on use of, computing facilities, equipment, or resources.

f. University Probation
University Probation is for a designated period of time during which the student is required to show appropriate changes in attitude and behavior. The student must demonstrate capacity of functioning in a way that does not violate the University's Standards of Conduct. Specific restrictions and conditions may be imposed as a part of this probationary status. A student on university probation is not in good standing with the university. Good standing, at a minimum, is a requirement for eligibility to represent the university, to serve on a university committee, to participate in student organizations, and for recognition by the university including any office or leadership position held in a student organization, among other things. A violation of the terms of university probation, or subsequent misconduct, is grounds for further disciplinary action, including suspension, dismissal, or expulsion. If all terms of the probation have been met, the probation status will be lifted at the conclusion of the designated period of time. University probation will be noted on the student's transcript during the period of probation.

2. Developmental Sanctions
a. Community Service Hours
Community services hours must be completed (1) at a non-profit organization, (2) under the supervision of an employee or volunteer coordinator who is not a relative of the student, and (3) without payment or other compensation for the work performed. Community service hours may not count towards service learning hours or other community service required by another program, scholarship, or organization. Students must obtain prior written approval for their intended service.

b. Educational Experience or Project
Educational experiences or projects include any activity or project that provides space for students to reflect upon their conduct, identify harm to self or to the community, and/or educate other students about the University's Standards of Conduct. Students must provide written verification of their completion of the experience/project and must schedule a meeting with the Dean of Students to discuss their experience/project.

c. Recommendations for Assistance
A recommendation may be made for the student to seek assistance from various
resources (e.g., counseling services). Contact with these resources is voluntary. Communication with resources that provide confidential services will be made with the student’s consent.

3. Academic Sanctions
   a. Class Removal or Reassignment
      A sanction that removes a student from a class or requires a student to move into a different class or section.
   b. Grade Modification (either for specific assignment/test or for the course)
      A recommendation to the instructor for the assignment of a failing grade or modified grade for a course, assignment, paper, or examination following a finding the student violated the academic policies as described in this Policy. No grade will be modified without the consent of the instructor. The student may also be required to redo the original assignment or paper, and/or retake the examination only with the consent of the instructor.
   c. Class Reinstatement
      When a student has been found responsible for academic misconduct, the University reserves the right to reinstate a student into the class in which the alleged misconduct occurred, if the student was previously allowed to withdraw in order to impose a grade adjustment or modification.

4. Elevated Sanctions
   a. Withholding Degree
      University of Illinois at Chicago (UIC) may withhold awarding a degree otherwise earned until the completion of the Student Conduct process as set forth in the Student Disciplinary Policy, including the completion of all sanctions imposed, if any.
   b. Revocation of Admission
      Admission to the University of Illinois at Chicago (UIC) may be revoked for fraud, misrepresentation, or other violations of UIC Standards of Conduct in obtaining admission to UIC. If admission is revoked, all credits earned by the student at UIC will also be revoked and the student will not be entitled to a refund of any tuition, fees, or other costs associated with attendance.
   c. Suspension
      Suspension means the temporary exclusion from the University of Illinois system (Urbana-Champaign, Chicago, and Springfield) for a specified period of time, after which the student is eligible to return to the University. The student is not in good standing with the University during the term of the suspension. Suspension includes (a) both a withdrawal from all classes and a prohibition on registration and/or enrollment in classes until the end of the suspension period; (b) removal/exclusion from the residence halls; and (c) revocation of all student privileges and rights related to access to and participation in university facilities (subject to arrest for trespassing and a charge of failure to comply), resources, activities, employment, and events (including graduation privileges). A student may be required to fulfill one or more conditions during the period of suspension in order to qualify for readmission. The student has the right to re-enter the University or have their privileges reinstated after the specified time only if the student provides the required verification that the conditions of suspension, if any, have been met. A disciplinary hold will be placed on the student’s academic record during the designated period of time of the suspension and will not be removed, for any reason, until said time. A student who is suspended from the University is nonetheless responsible for all financial obligations to
the University the student incurred. There will be a temporary notation on the student’s transcript during the period of suspension.

d. Dismissal
Dismissal means the exclusion from the University of Illinois system (Urbana-Champaign, Chicago, and Springfield) for a specified period of time, after which the student must reapply to be considered for admission. Readmission is not automatic or guaranteed. The student is not in good standing with the University during the term of the dismissal. Each case shall be reviewed by the appropriate college with full knowledge of the disciplinary dismissal. A disciplinary hold will be placed on the student’s academic record during the designated period of time of the dismissal and will not be removed, for any reason, until said time. Dismissal includes (a) both a withdrawal from all classes and a prohibition on registration/enrollment in classes, (b) removal from the residence halls; and (c) revocation of all student privileges and rights related to access to and participation in university facilities (subject to arrest for trespassing and a charge of failure to comply), resources, activities, employment, and events including graduation privileges. A student may also be required to fulfill one or more conditions prior to becoming eligible for readmission. A student who is dismissed is nonetheless responsible for all financial obligations to the University the student incurred. There will be a permanent notation of dismissal on the student’s transcript.

e. Expulsion
Expulsion is the permanent exclusion from the University of Illinois system (Urbana-Champaign, Chicago, and Springfield) and immediate termination of all rights and privileges associated with student status with no opportunity for re-application or readmission. A student who is expelled from the University is nonetheless responsible for all financial obligations to the University he/she incurred. This action may include, in consultation with representatives of the colleges, the cancellation of graduation privileges and the withdrawal of or refusal to award diplomas. There will be a permanent notation of expulsion on the student’s transcript.

5. Campus Housing Sanctions
a. Residence Hall Probation
Residence Hall probation is a formal notice to the student that his/her behavior is unacceptable in the residence halls and continued misconduct could result in further disciplinary action. Residence Hall probation covers a specified period and includes stated requirements.

b. Residence Hall Reassignment
The student is moved to another room assignment within the residence hall system.

c. Residence Hall Contract Suspension
Separation of the student from university housing or affiliated housing for a period of time. Conditions for readmission may be specified.

d. Residence Hall Expulsion/Contract Termination
Permanent separation of the student from university housing or affiliated housing.

6. Student Organizations Sanctions
a. Fines
Fines may be imposed on Student Organizations and are intended to dissuade students from future misconduct. Money collected from fines is used to fund services and programs for students.
b. **Organizational Probation**

A status, imposed for a specific period of time, during which full or partial limitations/restrictions are placed on the Student Organization and/or its members from exercising any rights and privileges afforded to them as a Student Organization. The organization may not, during the probationary period, create an alternate organizational identity that can be used to operate as the sanctioned organization under the guise of another identity. The purpose of organizational probation is to allow students to reflect on creating and sustaining socially responsible environments and behaviors and to demonstrate their ability to abide by community standards and expectations. The parameters of organizational probation may vary depending on the circumstances and will be specified in writing. Organizations will be evaluated at the conclusion of their probation time period by the Center for Student Involvement and the Office of the Dean of Students to determine if the organization has met all requirements of the probation and are prepared to return to the UIC community.

c. **Suspension of University Registration**

Suspension means the temporary severance of the organization’s relationship with the University for a specific period of time. During this time, full or partial limitations/restrictions are placed on the student organization and/or its members from exercising any rights and privileges afforded to them as a Student Organization. The organization may not, during the period of suspension, create an alternate organizational identity that can be used to operate as the sanctioned organization under the guise of another identity. Organizations will be evaluated at the conclusion of their suspension time period by the Center for Student Involvement and the Office of the Dean of Students to determine if the organization has met all requirements of the suspension and is prepared to return to the UIC community.

d. **Revocation of University Registration**

Permanent severance of the organization’s relationship with the University and all services, resources, or access associated with that relationship. An official notice to the organization’s regional or national office for the revocation of a student organization’s charter at the University of Illinois at Chicago will also take place. The duplication of the original organization’s goals, purpose, activities, or services are not allowed.

D. **Submission of Sanctions**

If a student receives a sanction that requires follow up by DOS, then all documents and/or relevant materials should be submitted at go.uic.edu/SanctionSubmission.

E. **Transcript Notations**

When, as a result of a violation of the Student Disciplinary Policy, a student is placed on University Probation or Suspension, the University Probation or Suspension sanction may be notated on the academic transcript for the duration of the probation or suspension period. When a sanction of Dismissal or Expulsion is imposed, the Dismissal or Expulsion sanction will remain as a permanent posting on the academic transcript.
VI. RESOLUTION METHODS

A. Academic Liaison Process

The Academic Liaison Process provides support to faculty in handling violations of academic integrity. The Academic Liaison Process allows faculty an opportunity to resolve the matter prior to a complaint being referred to the Referral Committee as outlined in the Student Disciplinary Policy. A faculty complainant or college representative for a faculty member may request resolution through the Academic Liaison Process, though this is not required. The Academic Liaison Process can be utilized only for violations of the Standards of Conduct for Academic Integrity (Article IV, Sections A & B).

1. Initial Contact: A faculty member/complainant or college administrative representative contacts the Office of the Dean of Students to initiate the Academic Liaison Process.

2. Meeting with Complainant and Development of Preliminary Resolution: The Academic Liaison speaks to the faculty member or college representative either in person, by telephone, or via video conferencing and explains the various options within the Student Disciplinary Policy. If the faculty member or college representative wishes to continue with the Academic Liaison Process, the Liaison will ask the faculty member to provide a proposed preliminary resolution if the student admits responsibility. The resolution proposed by the faculty member may include, but is not limited to: a failing grade for the course in which the student is enrolled; a failing grade for the assignment in which the faculty member believes academic dishonesty took place; a letter of reprimand issued to the student; participating in an Academic Integrity webinar; and/or repeating the assignment in question. All proposed resolutions by faculty members must be within their scope of authority.

3. Student Notice: The Academic Liaison will send a notice to the student via official UIC email outlining the Academic Liaison process, the preliminary resolution proposed by the faculty member, and a copy of the complaint. The student will also be presented with the option to accept or reject the preliminary resolution proposed. The Academic Liaison is available for an optional meeting with the student in person, by telephone, or via videoconferencing prior to the student’s response submission. Instructions on how to request a meeting with the Academic Liaison will be included in the initial correspondence to the student.

4. Student Response: The student must respond to the proposed resolution within (5) days of the student’s receipt of the notification. The options available to the student are:
   a. Accept the Resolution: If the student chooses to accept the faculty member’s preliminary resolution, a waiver of further review of the case is signed by the student. The case is then considered closed and the results of the process are reported to the faculty member, Senate Committee, Dean of Students, Dean of the Student’s college, and the referral representative.
   b. Reject the Resolution: If the student does not accept the faculty member’s preliminary resolution, a statement is signed by the student indicating the student’s understanding of the various options afforded under the Student Disciplinary Policy and the consequences of choosing not to accept the proposed resolution. This decision is communicated to the complainant/faculty member by the Office of the Dean of Students. The complainant/faculty member will determine the appropriate next steps to resolve the matter. The complainant may refer the case for formal disciplinary action. Failure of the student to either accept or reject the proposed resolution within five (5) days of notification will constitute an automatic rejection.
5. **Failure to Respond to Notice:** In the event the student fails to respond to the Academic Liaison’s notice within five (5) days or to provide a reasonable explanation as to why the student cannot participate in the Academic Liaison Process, the Academic Liaison will notify the complainant/faculty member of the student’s non-compliance with the process. The complainant/faculty member can determine appropriate next steps for resolution of the matter.

6. **Subsequent Violations:** The Academic Liaison Process may be utilized only for the first alleged violation of the Standards of Conduct against a student. Any subsequent alleged violations submitted as a formal complaint made against the same student may be forwarded to the Referral Committee or to a Student Conduct Hearing at the sole discretion of the Dean of Students.

**B. Mutual Agreement Process**

When the Dean of Students receives a complaint and/or an investigative report that alleges that a Respondent may have violated relatively minor infractions of the Standards of Conduct, the Dean of Students can engage in the mutual agreement process. The mutual agreement process will consist of the following:

1. **Respondent Notice:** Respondents are presented with a notice from the Dean of Students that provides a copy of the complaint and/or investigative report. In addition, alleged violations of the Standards of Conduct will also be included. Within this notice, the responsibility will be presented with the option to accept or reject responsibility for the alleged violations. The notice will include a URL link to access a form where the respondent will select their decision to the Dean of Students.

2. **Respondents’ Response:** The respondent must respond back to the Dean of Students within five (5) days of the respondent’s receipt of the notification. The options available are:
   a. **Accept Responsibility:** If the respondent chooses to accept responsibility for the alleged violation(s), the respondent waives the right to a hearing, waives any appeal rights, and admits responsibility for violating ALL of the specified Standards of Conduct regulations. The respondent will have the opportunity to provide additional information and/or upload supporting documents that they would like to be considered as a part of the sanctioning process. The respondent and complainant(s) may propose sanction recommendations that are reasonable and in accordance with this policy. The Dean of Students will review the submission and provide the respondent with a formal notice of sanctions within seven (7) days of receiving the respondent’s decision submission. Upon completion of the sanctions, the matter will be considered closed.
   b. **Rejects Responsibility:** If the respondent chooses to reject responsibility for the alleged violation(s), the mutual agreement process will be closed and the matter will be formally referred to a hearing for resolution.

3. **Failure of the respondent to either accept or reject responsibility of alleged violation(s) within five (5) days of notification will constitute an automatic rejection.**

4. **A mutual agreement process cannot be offered to a respondent who has previously been**

5. **Final resolution of the mutual agreement process must meet the following criteria:**
   a. The Dean of Students and the respondent must agree that mutual agreement process is a reasonable option given the circumstances;
   b. The respondent must accept responsibility for the violation(s) of the specified Standard of Conduct regulation(s);
c. The complainant will be notified of the respondent’s decision and will be invited to propose sanction recommendations to the Dean of Students that are reasonable and in accordance with this policy.

C. **Student Conduct Hearings**
Student conduct hearings are non-adversarial, fact-finding proceedings that occur to address alleged violations of the Standards of Conduct. It is the responsibility of the Hearing Committee/Hearing Chair to ask all relevant questions, determine the admissibility and relevance of all materials, establish reasonable guidelines for the presentation of information, render decisions based on the materials and information provided, and impose sanctions where appropriate. The hearing process provides the complainant and/or respondent with an opportunity to:

- Review the available case information;
- Share their perspectives on what happened, including presenting witnesses an relevant evidence; and/or
- Describe the effects the incident has had on the student and others, both negative (harm caused) and positive (lessons learned).

1. **Notice:** Complainants and respondents will be provided written notice of the hearing date, time, and location prior to the hearing date. The notice will include a description of the procedures to be followed at the hearing. The respondent and complainant both have the opportunity to provide written statements about the incident prior to the hearing, but must provide the information by the stated deadline(s).

2. **Objectives:** The hearing shall have the following objectives:
   a. Inform the parties and committee members of the charges;
   b. Give the student(s) involved an opportunity to present their respective positions and to respond to the charges;
   c. Consider evidence, testimony, and credibility of the students and witnesses;
   d. Determine, using a preponderance of the evidence standard, if respondent is responsible for any or all of the alleged violations of the Standards of Conduct;
   e. Consider and impose appropriate sanctions.

D. **Administrative Hearings**
An administrative hearing is a conduct proceeding conducted by a member of the staff in the Office of the Dean of Students to hear cases involving minor infractions. Administrative hearings are conducted for complaints that are likely to result in the following outcomes (if the respondent was found responsible for violating the Standards of Conduct): Administrative Sanctions, Developmental Sanctions, Academic Sanctions, Campus Housing Sanctions (A & B), and Student Organization Sanctions (A & B).

1. The Dean of Students will arrange an administrative hearing with the student. During the administrative hearing, the alleged violations will be reviewed, the student will have an opportunity to respond to the alleged violations of the Standards of Conduct, an explanation of the possible outcomes/sanctions will be discussed, and the student will be notified that future misconduct could result in more serious disciplinary actions. Within a reasonable period of time, not to exceed five (5) days after the hearing, a written notification will be sent to the student containing the outcome of the hearing.

2. If the respondent chooses not to meet with the administrative hearing officer by the given deadline, the hearing officer may proceed with the determination of responsibility and any sanctions (limited to those described above). Depending on the nature of the case, the hearing officer may instead place a hold on the student’s record, preventing registration until the student has met with the administrative hearing officer.
VII. HEARING GUIDELINES AND INFORMATION

A. Hearing Guidelines

The hearing guidelines and information apply to all Student Conduct hearings unless otherwise noted.

1. Confidentiality: Student Conduct Records are maintained in accordance with the UIC Student Records Policy, as well as applicable Federal and State laws. Student Conduct Records may be shared with university officials on a need-to-know-basis. Please review Article XI for additional information on Student Conduct Record retention.

2. Incidents Involving Multiple Students: When more than one student is involved in the same incident, the Dean of Students will determine the appropriate approach to resolution, balancing students’ privacy rights with the institutional resources available to provide a timely and fair resolution. If a decision is made to combine the hearings of all the students involved in an incident, all parties (complainants and respondents) will be present for the reading of the charges, opening remarks, complainant’s presentation of evidence and witness testimony, and closing statements. However, at the time the individual respondent presents his/her case, the other respondent(s) and his/her advisor(s) or legal counsel and witnesses may be excluded from the proceedings unless otherwise agreed upon by the respondent(s) and the committee.

3. Notification of Hearing Outcome: Within five (5) days of the conclusion of the hearing, a written decision will be issued to the respondent and all appropriate parties.

4. Participants in Hearing: All hearings are closed except for the following individuals: administrative hearing officer or members of the Student Conduct Committee, the complainant(s), the respondent(s), advisors/legal counsel, witnesses, and the Executive Director.

   a. Advisor: The respondent and the complainant have the right to have one advisor (as defined herein) present during the hearing. The role of the advisor will be restricted to advising the respective parties.

   b. Witnesses: A witness is someone who directly observed an incident or has direct or indirect knowledge related to an incident. Witnesses should be able to speak knowledgeably about the incident and be able to provide relevant facts to the Office of the Dean of Students. Reliable witnesses are critical to the integrity and effectiveness of the Student Conduct process. Witnesses cannot participate solely to speak about an individual’s character. The respondent, the complainant, and/or the Office of the Dean of Students may request relevant witnesses to participate in the Student Conduct process. The Office of the Dean of Students may request a written statement from the witness and/or a meeting with the witness prior to the hearing. All witness statements are submitted through go.uic.edu/WitnessForm.

   c. Student Organization Representative: The individual, or individuals (no more than three), selected by the Student Organization to speak on the Organization’s behalf. The Organization Representative may be, but is not required to be a member of the Organization’s leadership structure (e.g. President, Vice President, Team Captain, etc.).

5. Personal Safety Consideration: The Dean of Students will accommodate concerns for the personal safety, well-being, and/or fears of confrontation of the respondent, complainant, victim/survivor, or any witnesses during the hearing by taking appropriate and reasonable measures. In situations where reasonable fear for physical safety and/or retaliation exists, the
Hearing Chair reserves the right to adjust the hearing format, including having police present and/or using technology to allow parties to participate in a manner that addresses the concerns while allowing the process to move forward.

6. **Quorum:** For a Student Conduct Hearing, a quorum consists of four voting members of the Student Conduct Committee. For a Student Conduct Hearing related to allegations of sexual misconduct, a quorum consists of four voting members of the Sexual Misconduct Committee, who have received specialized training in Sexual Misconduct. For an Administrative Hearing, the Dean of Students hears the case and determines the outcome.

7. **Record of Hearing:** For a Student Conduct Hearing, the Executive Director will maintain a record of the hearing which may be in the form of a written summary of the proceedings or an audio recording. The record of the hearing will be made available to the complainant and/or respondent upon written request. Such record will be in the same format it is maintained. If either party seeks a copy of the record, it will be provided at no cost for the first copy. However, the initial request must be received within ten (10) days of the conclusion of the hearing. Subsequent requests for copies of the hearing record will be assessed a fee equal to the actual cost of duplication and the fee must be received before the requested copy will be released. Administrative Hearings are not recorded.

8. **Remote Participation:** Any party, including the respondent, complainant, or any witness, may participate in a hearing remotely by way of telephone, videoconferencing, or other appropriate means provided the identity of the person participating remotely is known to all parties and all other guidelines and procedures described in this Student Disciplinary Policy are followed.

9. **Reasonable Accommodations:** UIC is committed to creating a learning environment and academic community that promotes educational opportunities for all individuals, including those with disabilities. Students should contact the UIC Disability Resource Center to submit requests for accommodations related to proceedings under this Policy. The requests should be made in a timely manner prior to the proceedings in order to arrange for reasonable accommodations.

10. **Testimony and Evidence:** The hearing committee/hearing officers will make determinations based on all available information and materials. Failure of the respondent to be present or participate in the proceedings will not be construed as an admission of responsibility. Likewise, failure of the complainant to participate in the proceedings will not be construed as evidence that favors the respondent.

11. **Timeliness of Conduct Process:** The University strives to complete the Student Conduct process, including the time for any hearings or appeal processes, within sixty (60) days. There are, however, many factors that may affect the length of time needed to complete various portions of the resolution process fairly and equitably. Consequently, some matters will be resolved before the designated time frames and some may require additional time.

12. **Standard of Proof:** A preponderance of the evidence, or “more likely than not”, standard is the official evidence standard of the Student Disciplinary Policy. In this context, the respondent will be found to be responsible for the alleged violations if the hearing officer/hearing committee concludes that it is more likely than not that, based on a careful review of all information presented, the respondent is responsible for the alleged acts/behavior and these acts/behaviors constitute a violation of the Standards of Conduct.

13. **Hearings in Absentia:** If a student does not attend the hearing, the case may proceed to disposition without the student’s participation.
A. Title IX Investigations

A Title IX Investigation is conducted by Title IX Investigator(s) designated by the Title IX Coordinator in the Office of Access and Equity. For more information about Title IX investigations, please visit the Office of Access and Equity website at oae.uic.edu/sexual-misconduct/.

B. Hearing Guidelines and Information

Sexual Misconduct Hearings follow the hearing guidelines described in the Student Disciplinary Policy Article VII. In addition, the following guidelines and information are applicable for sexual misconduct cases:

1. Pending Legal Proceedings
   a. Students may initiate and participate in criminal and/or civil proceedings in connection with a Sexual Misconduct report alone or in conjunction with a Title IX investigation and/or the Student Conduct process. The University will fulfill its legal and ethical obligation to take immediate and appropriate action to investigate possible Sexual Misconduct, even if there are other external processes or procedures pending in connection with that same Sexual Misconduct report.
   b. The standards for criminal investigations differ from the standards for a violation of the Standards of Conduct established in the Student Disciplinary Policy and, therefore, the University will not limit its actions based solely on law enforcement reports and criminal/civil proceedings. Accordingly, the University will not normally wait for the conclusion of a criminal investigation or other proceedings before implementing its review of reported Sexual Misconduct and taking appropriate action.

2. Protection from Retaliation

The University will take appropriate steps to address allegations of retaliation for reporting Sexual Misconduct or participating in the investigation or adjudication of reported Sexual Misconduct. Anyone who believes they are experiencing retaliation is strongly encouraged to report the concern to the Office of the Dean of Students. A report of retaliation will be reviewed as a separate violation under the Student Disciplinary Policy. A person can be found responsible for retaliation even if not found to be responsible for the reported Sexual Misconduct.

3. Timeliness of Process

The University strives to complete Sexual Misconduct investigations, excluding the time for a Sexual Misconduct Review Meeting or appeal processes, within sixty (60) calendar days. There are, however, many factors that may affect the length of time needed to complete various portions of the resolution process fairly and equitably. Consequently, some matters will be resolved before the designated time frames and some may require more time.

4. Request for Delays

Requests for delays will typically not be granted in cases which may involve a Title IX violation.

5. Amnesty Provision for Alcohol/Drug

To encourage reporting, the University will not pursue disciplinary actions for alcohol/drug violations against a student making a good faith report of Sexual Misconduct. The University may utilize educational responses as appropriate through the Office of the Dean of Students.

6. Advocates

The Respondent and Complainant are allowed to bring an advocate, in addition to their advisor, with them for the Student Conduct Hearing. The advocate serves as a support person for the Respondent and Complainant and shall be restricted to advising their respective parties.
7. Sexual Misconduct Committee Members

The composition of the Sexual Misconduct Committee will consist only of those members of the Student Conduct Committee who have received specialized training related to Sexual Misconduct, consistent with the requirements of applicable law. Members of the Sexual Misconduct Committee may not participate in the Title IX investigation or any previous complaint resolution procedures associated with the subject complaint. The Complainant and Respondent will receive notification, prior to the Student Conduct Hearing, of the identity of the Sexual Misconduct Committee members. The students may request a change of committee members for their Hearing if the complainant and/or respondent establish that the committee member has a conflict of interest or participated in the Title IX investigation or previous complaint resolution procedures associated with the subject complaint.
IX. HEARING PROCEDURES

A. Administrative Hearings

The complainant, respondent, and witnesses may be present for a hearing with the Administrative Hearing Officer. The Administrative Hearing will utilize the following format:

1. The students may ask questions about the Student Conduct process;
2. The administrative hearing officer will review the facts of the complaint, as well as any other relevant case information received;
3. Students can respond to the information by providing their perspectives on the incident and alleged behaviors;
4. Students may present information and/or witnesses relevant to the allegations;
5. The hearing officer will ask questions of the students and witnesses;
6. Students can acknowledge or deny responsibility for the alleged violation(s);
7. The hearing officer will determine whether the respondent is responsible for the alleged actions/behavior and, if so, will consider and impose appropriate sanctions;
8. The hearing officer will inform the students of the decision.

B. Student Conduct Hearings

Hearing proceedings will follow the format described below. The hearing is not conducted as a civil or criminal proceeding and consequently strict rules of evidence do not apply. At the sole discretion of the Hearing Chair/Student Conduct Committee members, changes may be made to the hearing format to accommodate special circumstances. It is within the sole discretion of the Student Conduct Committee and Hearing Chair to determine the relevance of any information, materials, or testimony, and to refuse to direct questions to the parties/witness and/or refuse to accept information, materials, or testimony it considers immaterial or irrelevant. The Student Conduct Committee hearing will utilize the following format:

1. **Introduction/Reading of Alleged Violations:** The Chair of the Student Conduct Committee will convene the hearing by requesting that all individuals present state their identity. He/she will then read the alleged violations of the Standards of Conduct.

2. **Opening Statements:** The complainant and respondent may each make a brief opening statement for the purpose of providing the hearing committee with a short summary of their positions relevant to the complaint and the materials/witnesses to be presented.

3. **Presentation of Evidence:** The complainant and respondent may formally present to the hearing committee any and all information, materials, and witness testimony to support his/her position.
   a. **Order of Presentation:** The order of presentation will be complainant and the respondent.
   b. **Relevant Witnesses/Investigative Summary:** Based on any preliminary and/or external investigations relevant to the incident, the Office of the Dean of Students may call any witnesses or investigators to present relevant findings to the hearing committee. Witnesses will only be present at the hearing while providing their testimony. After each respective presentation, the hearing committee, complainant, and respondent will have the opportunity to ask questions.

4. **Questioning of Parties/Witnesses:** Following the presentation of each individual (complainant, respondent, and witnesses), questions will be posed first by the committee, then by the opposing party. All questions from one party directed to the other must be made through the Hearing Chair. The hearing committee, through the Chairperson, may recall any witnesses. Once all information, materials and testimony have been presented, the
hearing committee, complainant and respondent are provided a final opportunity to ask additional questions or provide additional information to the Student Conduct Committee.

5. **Closing Statements:** The complainant and respondent may each make a closing statement. The closing statement should be a short summary of the materials and information presented during the hearing and any relevant information that the student would like to share with the hearing committee.

6. **Executive Session:** The hearing committee will excuse all participants and enter into executive session during which the committee will assess the information presented as well as the credibility of the parties and witnesses. The hearing committee will decide (based on a simple majority vote): (a) whether or not, by a preponderance of the evidence, the respondent is responsible for the alleged violation(s) of the Standards of Conduct, and, if so, (b) what sanctions are appropriate. Only after determining responsibility will the committee consider any previous sanctions imposed on the respondent through the Student Disciplinary Policy. The review of any previous sanctions will include all disciplinary actions taken as a result of an Administrative Hearing, the Academic Liaison Process, or imposed by a hearing or appeal committee. The deliberations of the executive committee are not recorded.

C. **Sexual Misconduct Hearings**

Sexual Misconduct Hearings will follow the Student Conduct Hearing procedures described in the Student Disciplinary Policy Article IX, Section B. In addition the following information and procedures are applicable:

1. **Presentation of Evidence**
   During the presentation of the evidence segment of the student conduct hearing, the Title IX Coordinator will present a summary of the findings from the investigation. The complaint, respondent, and student conduct committee members will have an opportunity to ask questions related to the investigative findings. The Title IX Coordinator remains for the duration of the hearing in order to allow all parties an opportunity to ask questions.

2. **Testimony and Evidence**
   a. In cases concerning allegations of sexual misconduct, the parties will not be allowed to personally cross examine each other during a student conduct hearing. Instead, all questions must be directed to the Hearing Chair (See Article IX, Section B4).
   b. If the Respondent declines to present information at the Hearing, this will not be construed as an admission of responsibility. If the Complainant declines to participate in the Hearing, this will not be construed as evidence that favors the Respondent.

3. **Prior Sexual History**
   In cases concerning accusations of sexual misconduct, past sexual history of any involved party will not be admitted in evidence or testimony unless directly relevant to the matter under consideration. The mere fact of a previous consensual dating or sexual relationship between the involved parties does not itself, imply consent to the act(s) under investigation or preclude a finding of sexual misconduct.

4. **Standard of Proof**
   The outcome of a student conduct proceeding will be made using the preponderance of the evidence standard. The preponderance of the evidence standard requires the student conduct committee to determine whether or not it is more likely than not that sexual misconduct occurred.

5. **Sanctions**
   The sanctioning process for sexual misconduct is designed to eliminate the misconduct, prevent its recurrence, and remedy its effects, while supporting the University’s educational
mission and Title IX obligations. Sanctions may also serve to promote safety or deter students from similar future behavior. Sanctions will take into consideration the gravity of the student’s actions and the student’s entire conduct records at the university and will be designed to (1) hold students accountable for their actions and the resulting or potential consequences of such actions, and (2) protect the safety of the university community. A full description of the available sanctions is described in Section V.

6. Notification of Hearing Outcome
   a. A written notice will be sent simultaneously to the complainant and the respondent informing each student about the outcome of the Hearing as determined by the Sexual Misconduct Committee.
   b. If a student complainant has chosen not to participate in the University’s review of the sexual misconduct report but desires to be notified of the outcome, the University will notify the student. If the student has expressed a desire, in writing, not to be notified of the outcome, the University will honor that decision. In such cases, the University will not send the notification itself to the student, but may proceed with any necessary follow-up and may need to provide notification of that follow-up if appropriate.

7. Appeals
   Both the Respondent and Complainant have the right to appeal the hearing outcome in the same manner as described in Article X. In those cases, both students will receive written notification, simultaneously, of the final determination of the Appeal Committee.
X. APPEAL PROCESS

The Dean of Students office will review all requests for appeal to determine if the respondent has asserted appropriate grounds for appeal. Appeals will not be granted based solely on a student’s disagreement with the outcome.

A. Filing an Appeal

1. The Respondent may file a request for appeal no later than five (5) days after receipt of the outcome of the hearing where the Respondent has been found responsible for violating one or more of the Standards of Conduct.

2. For cases related to sexual misconduct, both the Respondent and Complainant have the right to request for appeal no later than five (5) days after receipt of the outcome of the hearing.

3. The request for appeal must be submitted through the Student Conduct Appeal Form at go.uic.edu/conductappeal and must include (a) a statement explaining the grounds for the appeal, (b) all relevant supporting evidence and documentation, and (c) the desired outcome of the appeal request.

B. Grounds for Appeal

An appeal must be based upon one or more of the following grounds:

1. **Procedural Error:** A procedural error occurred in the handling of the complaint which substantially affected the outcome of the hearing.

2. **New Evidence:** New evidence exists, sufficient to alter a decision, which was not available at the time of the original hearing. Information will not be considered “new evidence” if the respondent or complainant did not attend the original hearing or voluntarily withheld information during the original hearing.

3. **Sanction(s) Disproportionate with Violation(s):** The sanction(s) imposed are substantially disproportionate to the severity of the violation(s) of the UIC Standards of Conduct for which the student was found responsible.

C. Appeal Review Process

1. The Appeal Committee will, except as required to explain the basis of new evidence, limit its review to the record of the initial hearing, including any documents or written statements considered by the hearing officer/committee, and any supporting documents and statements submitted by the student as part of the appeal process.

2. After reviewing the request, the Appeal Committee designated to review the appeal will make one of the following determinations: The appeal is denied because none of the grounds for an appeal has been met or (b) the appeal is granted because one or more of the grounds for an appeal have been met. The Appeal Committee may uphold the original disciplinary decision and deny the appeal, modify the original disciplinary decision, or remand the matter for a new hearing or remand review.

3. The Appeal Committee will issue its written decision to the Respondent within a reasonable period of time not to exceed 30 days from the date the appeal was received. For cases related to sexual misconduct, both the Respondent and Complainant will receive written notification, simultaneously, of the final determination of the Appeal Committee.

4. The decision of the Appeal Committee and any decision resulting from a remand review or hearing are final and no further appeals are allowed. All decisions shall be reported to the student, the complainant, and all appropriate University administrators.
XI. REMAND HEARING AND REVIEW

A. Remand Hearing and Review Information

1. A Remand Hearing is a Student Conduct proceeding which may be ordered by the Appeal Committee when the Appeal Committee has determined that a procedural error occurred and/or new evidence is presented that was not available during the original hearing and due to these factors the outcome of the original hearing may have been substantially affected.

2. If a determination is made by the Appeal Committee that the sanction(s) imposed by the original hearing were disproportionate with the violation(s) for which the respondent was found responsible, the case will be referred to a Remand Review.

3. If a remand hearing or review is ordered, the Appeal Committee must state, in writing, the reason for the new hearing or review. The remand hearing or review will be scheduled within fifteen (15) days after the date the Appeal Committee issues its decision. All documents submitted for consideration at the remand hearing or review must be filed with the Executive Director five (5) days before the date of the remand hearing or review. At least three (3) days prior to the remand hearing or review, the Executive Director shall provide the student with copies of all materials produced or delivered related to the appeal.

B. Remand Committee

The Remand Committee will have the same composition as a Student Conduct Committee, but no member of the Remand Committee will have served as the original hearing officer, member of the original hearing committee, referral committee, or appeal committee. A Remand Committee is used for both remand hearings and reviews.

C. Remand Procedures

1. The Remand Hearing will follow the hearing format outlined in Article IX. A written decision of the Remand Committee will be issued within five (5) days after the conclusion of the hearing. A copy of that decision will be issued to the student and all appropriate administrators.

2. For a Remand Review, the Remand Committee will review the entire hearing record with the sole purpose of determining appropriate sanctions and/or if the original sanctions were disproportionate with the violations. The Remand Review will not revisit the issue of responsibility on the original charges decided by the administrative hearing officer or the Student Conduct Committee. A written decision of the Remand Committee will be issued within five (5) days after the conclusion of the review. A copy of that decision will be issued to the student and all appropriate administrators.
D. Retention of Student Conduct Records

1. Upon the conclusion of a student conduct hearing, the hearing committee members are required to return to the Executive Director all documents pertaining to the complaint. These documents include, but are not limited to, incident reports, police reports, and written statements from witnesses and/or the parties.

2. In compliance with all applicable laws and university policies, the Office of the Dean of Students maintains student and student organization disciplinary records for a period of seven (7) years from the date of the final decision or resolution. Files will be maintained permanently for all pending incidents and incidents resulting in suspension, dismissal, or expulsion.
   a. Student organization misconduct resulting in a sanction of probation, suspension or revocation will be listed on the Office of the Dean of Students website (https://dos.uic.edu/community-standards/personal-community-integrity/student-organizations/).
   Interim measures imposed by the Dean of Students may also be listed on the Office of the Dean of Students website.
