Agenda Items

1. Complaint
 - a. Reviewed all the complaint and response. Does not fall under campaigning. No violation.
2. Meet the Candidates
 - a. Marketing is creating “slides” for each candidate with their headshot and a sentence from their platform. They will post these on social media, candidates can use them for their campaigning and we can add them to the website.
 - b. How should we approach the debate? Give candidates the option to participate in a debate and then can work on planning. Another option is giving them questions to respond to via video.
3. Email Updates
 - a. Questions about spending limits. There is no defined party slate spending limit. It is dictated by the individual limits for each candidate. Candidates can purchase items for their party slate but someone needs to take ownership of the specific expense(s) for their campaign expense report.
 - b. We will secure table requests for candidates. Michelle will contact meetings and conferences to inquire about reserving.
4. Website
 - a. EPC website will be strictly for anything EPC related. Meeting notes, complaints, etc.
 - b. Student Election website will be for voting and candidate information.
5. Next Meeting
 - a. 3/8 works best
