

# Student Disciplinary Policy

## Introduction

The University of Illinois Chicago (UIC) community includes students, staff, faculty, and others who have a vested interest in the University. Members of our community pride themselves on academic, personal, and professional excellence, and value integrity, accountability, and respect. The Student Disciplinary Policy underscores the pride and the values that define our community while providing UIC students with a framework to guide their actions and behaviors.

As members of the UIC community, students assume obligations of academic performance and conduct reasonably imposed by the institution and consistent with its objectives and mission. UIC students and Student Organizations are expected to act in accordance with University policies, rules, and regulations, and local, state and federal laws. Students should be aware that they are responsible not only for their behavior, but also for the impact of their actions.

The purpose of the student conduct process is to assist in the development of a responsible community of students who are encouraged to pursue individual goals, respect the rights of others, and comply with legal norms of society. The Student Conduct process plays a supportive role in the development of responsible student behavior. If the behavior of a student conflicts with established university standards, the Student Conduct process seeks to educate the student about the personal and social consequences of their behavior and repair the impact of the harm to the community.

The actions imposed in the Student Conduct process may include educational and disciplinary sanctions that are designed to contribute to the growth of the student and the welfare of the community.

Because the primary goal of the Student Conduct process is educational, the process is conducted in a non-adversarial manner meant to inform and educate students. The process is not analogous to criminal or civil court proceedings, which are primarily punitive in nature.

# I. AUTHORITY AND JURISDICTION

## A. Authority

The University of Illinois Statutes vest in the Senate Committee on Student Affairs, the responsibility for establishing a committee or other body concerned with discipline. (See University of Illinois Statutes, XI.2.a.). These subcommittees shall have original jurisdiction to hear and render decisions in all disciplinary cases. The Statutes authorize the subcommittee(s) to formulate and adopt a student disciplinary policy and procedure. Pursuant to that statutory provision, the Student Conduct Committee and Referral Committee, as well as the UIC Student Disciplinary Policy, were established. In no event should this policy be utilized for anything but evaluating and resolving allegations of the violations of the Standards of Conduct described in this policy. Copies of the of Student Disciplinary Policy are available from the Office of the Dean Students (DOS) and online at dos.uic.edu.

## B. Jurisdiction

This policy governs both the Chicago campus as well as all regional sites of the University of Illinois Chicago.

- 1. On-Campus:** The Student Disciplinary Policy applies to the on-campus conduct of students and Student Organizations.
- 2. Off-Campus:** The Student Disciplinary Policy also applies to the off-campus conduct of students and Student Organizations in connection with any required educational activity or co-curricular experience (e.g., a professional practice assignment, internship, field trip, student teaching assignment, research, student leadership conference, social event, or event sponsored, conducted, or authorized by the University. The Student Disciplinary Policy may also be utilized to address student conduct occurring off campus that affects the interests or environment of the university community and/or individual members or specific groups within that community including, but not limited to, behavior that:
  - a. Constitutes a violation of local, state, or federal law (e.g., all alcohol and or/drug violations and other repeat violations of any local, state, or federal law).
  - b. Poses a threat to the health or safety of the student or others.

## C. Student Disciplinary Policy and Violations of Law

Violations of the Standards of Conduct set forth in this policy may also constitute violations of criminal or civil law. The Student Conduct proceedings are independent of the criminal or civil process, and will not be delayed, abandoned, or withdrawn pending the outcome of the criminal or civil process or as a result of any findings made through that process. Further, disciplinary sanctions may be imposed regardless of any findings made through the criminal or civil process.

## D. Student Disciplinary Policy and Campus Housing

Students involved in misconduct as residents of any Campus Housing facility will be held accountable through the Campus Housing Code of Conduct. Campus Housing is authorized to utilize its established procedures to hear cases of alleged student misconduct for incidents that occur in campus housing facilities, and it has the authority to issue sanctions which affect a student's resident status. Campus Housing may also issue interim measures for its residents based on the contractual obligations outlined in the housing contract. Although Campus Housing may choose to hear cases of student misconduct occurring in housing facilities, the following cases must be referred to the Office of the Dean of Students for a formal review and appropriate administrative action:

1. Behavior that poses an imminent risk to the safety of the student or others;
2. Serious infractions of the Student Disciplinary Policy including, but not limited to the destruction of property; possession of weapons; bomb threats; use, sale, or possession of illegal drugs; or violations of local, State, or Federal laws;
3. Conduct that may lead to removal from housing;
4. Misconduct committed by a non-resident student in or around a campus housing facility;
5. Repeated violations of the Campus Housing Code of Conduct; or
6. All incidents of alleged sex discrimination as defined by the Comprehensive Policy and Procedure on Sex Discrimination, Including Harassment. All said incidents must also be referred to the UIC Title IX Coordinator.

## E. Student Disciplinary Policy and Registered Student Organizations

1. The Dean of Students investigates, hears, and makes the decisions for all serious allegations of violations of the Standards of Conduct for student organizations. The Student Disciplinary Policy applies to both the conduct of individual students as well as the conduct of a student organization. The conduct, either of commission or of omission, by one or more members of a student organization (e.g., general members, officers, or new/associate members) may subject the organization to the jurisdiction of this policy. Student organizations may be charged with alleged violations of this policy without regard to whether members of such organizations are individually charged with alleged violations arising from the same misconduct. Misconduct may be considered reasonably associated with a student organization when one or more of the following criteria are met:

- a. The conduct is endorsed by the student organization and/or any of its officers through, for example: active or passive consent or encouragement; having prior knowledge the conduct was reasonably likely to occur; or helping to plan, advertise, or promote the conduct;
  - b. The conduct is committed during an activity paid for by the student organization, or paid for as a result of one or more members of the student organization contributing personal funds in lieu of organizational funds to support the activity or conduct in question;
  - c. The conduct occurred on property owned, controlled, rented, leased, or regularly used by the student organization or any of its members or alumni;
  - d. The purpose of the activity was related to initiation, admission into, affiliation with, or as a condition for continued membership in the student organization;
  - e. Non-members of the student organization learned of the activity from members, advertisements, or communications associated with the student organization (i.e., Twitter, GroupMe, etc.), or otherwise formed a reasonable belief that the conduct or activity was affiliated with or endorsed by the student organization;
  - f. Members of the student organization attempted to conceal the activity or protect other members who were involved; or One or more officer(s) of the student organization had prior knowledge, or reasonably should have known the activity/event would take place and took no action to prevent it (e.g., canceling the event, notifying the Dean of Students, University or local police, etc).
2. Student organization misconduct that does not constitute a violation of the Standards of Conduct of this policy will be handled by the student organization's respective advising area [e.g., Center for Student Involvement (CSI), Campus Recreation, Fraternity and Sorority Life (FSL), or an academic college/department/unit]. The following cases must be referred to the Dean of Students for a formal review and consideration of formal student conduct proceedings:
    - a. Behavior that poses an imminent threat to the safety of the student, student organization, or any members of the university community;
    - b. Serious infractions of this policy including, but not limited to: the destruction of property, possession of weapons, bomb threats, use, sale, or possession of illegal drugs, hazing, physical abuse/violent behavior, or violation of local, state, or federal laws;
    - c. Repeated violations previously addressed by the student organization's respective advising area; or
  3. All incidents of alleged sex discrimination as defined by the Comprehensive Policy and Procedure on Sex Discrimination, Including Harassment. All said incidents must also be referred to the UIC Title IX Coordinator.
  4. Student governance organizations include but are not limited to the following:
    - a. College Panhellenic Council (CPC);
    - b. Greeks of the Pan-Asian American Council (GPAAC);
    - c. Interfraternity Council (IFC),
    - d. Latino Greek Council (LGC);
    - e. National Pan-Hellenic Council (NPHC);
    - f. Undergraduate Student Government (USG);
    - g. UIC Law Student Bar Association;
    - h. The Graduate Student Council (GSC); and
    - i. The Health Profession Student Council (HPSC)
  5. Student governance organization members are expected to observe, at all times, internal policies of their student governance organization, state or local, national, or international headquarters. Student organizations are also expected to observe the policies and rules established by university departments such as the Center for Student Involvement (CSI), Campus Recreation, Fraternity and Sorority Life (FSL), or academic college/department/units.
  6. Allegations of student organization misconduct may be adjudicated before, at the same time as, or following related cases of alleged individual misconduct.

## F. Student Disciplinary Policy and University Policies/Procedures

The Office of the Dean of Students will work with other offices, as appropriate, to address any conflicts associated with concurrent processes to address the same behavior.

1. **Academic Misconduct/Professionalism:** It is acknowledged that certain behaviors may be categorized as both disciplinary (e.g., behavior that falls within the definitions of the Standards of Conduct contained herein) and academic in nature. This policy recognizes faculty members — as well as other members of a college/department—may exercise discretion in making academic decisions and evaluations (e.g., issuing a failing grade for an assignment or class) based upon a student's academic performance, even if that performance includes academic misconduct described in this policy, without making a referral for disciplinary action under this policy. In addition, to the extent that a college or other academic unit adopts an alternative policy or process for assessing academic performance, including behavior which may be described in this policy, but which also relates to a college's academic standards (e.g., academic misconduct or violation of professional standards), it is at the discretion of the faculty member, academic unit, or college to determine whether to submit the matter to its own process or to this one for resolution.

- 2. Students with Special Relationships to the University:** Students who are athletes, student leaders, employees, or hold other unique relationships with the University, and whose behaviors violate the Student Disciplinary Policy, may also fall within the jurisdiction of another university policy or process associated with that relationship. Likewise, employees who enter into a relationship with the University as students may be held accountable for misconduct through the Student Conduct process in addition to any action one faces as an employee.
- 3. University Policies:** Although other policies and procedures may exist to address student policy violations, the following matters must be referred to the Office of the Dean of Students for consideration of formal Student Conduct proceedings (either instead of or in addition to other applicable policies or procedures):
- Behavior that poses an imminent risk to the safety of the student or any members of the university community;
  - Serious infractions of the Student Disciplinary Policy including, but not limited to: the destruction of property; possession of weapons; bomb threats; use, sale, or possession of illegal drugs; or violations of local, state, or federal laws;
  - All incidents of sex discrimination as defined by the Comprehensive Policy and Procedure on Sex Discrimination, Including Harassment. Please see Article VIII of this document. All said incidents must also be referred to the UIC Title IX Coordinator.

#### **G. Student Status and Holds**

In order to be subject to the Student Disciplinary Policy, the alleged misconduct must have occurred while the individual was a student, as defined by this policy. A student charged with violating the Standards of Conduct may not avoid the conduct process by withdrawing from courses and/or the University. Student conduct proceedings may continue as described in this document without the student's participation, and/or, at the discretion of the Dean of Students, a hold may be placed on the student's record prohibiting further registration, graduation, issuance of a degree or transcript, and/or release of transcripts until the case is resolved.

#### **H. Retaliation**

The act of taking or attempting any adverse action (e.g., intimidation, threatening, coercion, improperly influencing, etc.) against any member of the university community based on the person's reporting or participation in the student conduct process outlined in this policy is expressly prohibited. Retaliation includes behavior on the part of the respondent(s), the Complainant(s), and/or other related persons, including, but not limited to: acquaintances, witnesses, friends, or family members. It is expected and understood that both the Complainant and the respondent will discourage such actions by those acting on their behalf, and may be held responsible to the extent of their involvement in the retaliation. Retaliatory behavior should be reported immediately through the Student Misconduct Incident Report form at [go.uic.edu/ConductIR](https://go.uic.edu/ConductIR). Independent disciplinary action may be taken against anyone engaging in or encouraging retaliation.

---

## **II. STUDENT RIGHTS AND RESPONSIBILITIES**

Student complainants and respondents have the rights and responsibilities as described in [Addendum B](#).

---

## **III. REPORTING STUDENT MISCONDUCT**

The Office of the Dean of Students encourages members of the university community to report violations of the University's Standards of Conduct by filing a formal complaint. A complaint should be filed as soon as possible after the alleged misconduct occurred and should describe the incident, the alleged violation(s) of the Standards of Conduct, and identify the individuals involved in or witness to the misconduct. Additional materials that support the complaint should be submitted (e.g. photos, written correspondence, copies of emails and/or texts).

#### **A. How to File a Complaint**

Reports may be made utilizing the University's online incident reporting forms. To report non-academic misconduct, please use the Student Misconduct Incident Report at [go.uic.edu/conductIR](https://go.uic.edu/conductIR). To report academic misconduct, please use the Academic Integrity Incident Report at [go.uic.edu/academicIR](https://go.uic.edu/academicIR).

#### **B. False Complaints**

The University considers the intentional filing of a false complaint as a serious matter. It is a violation of the Student Disciplinary Policy to make an intentionally false complaint.

## C. Complaint Review Process<sup>1</sup>

- 1. Initial Review of Complaint:** Upon receiving a complaint, the Office of the Dean of Students will review the information acquired from the Complainant and may conduct an initial inquiry to determine if there is sufficient information to proceed with the Student Conduct process. If the complaint does not contain adequate documentation, the Complainant may be contacted to provide additional information or clarification regarding the incident. Preliminary meetings with the Complainant, respondent, and/or witnesses may occur prior to initiating the Student Conduct process. The Dean of Students reserves the right to initiate a case without a formal complaint and to conduct an inquiry into anonymous reports.
- 2. Complaint Review Outcomes:** The outcome of an initial review includes, but is not limited to:
  - a. Student Conduct Process Initiated:** If there is reliable information indicating that a violation of the Standards of Conduct may have occurred, the Student Conduct process will be initiated, creating a conduct case.
  - b. Case Not Pursued:** If there does not appear to be credible or sufficient information to suggest a violation of the Standards of Conduct occurred, the complaint will not move forward through the formal Student Conduct process. The complaint and any information gathered during the preliminary investigation will be retained by the Dean of Students to document that the situation was reviewed.
  - c. Informal Response:** If the conduct described in the complaint is concerning, but does not appear to be a violation of, the Standards of Conduct (such as repeated low-level behaviors) or falls outside the jurisdiction of the policy, there may still be an institutional response without the initiation of the formal Student Conduct process. For example, the student may be asked to meet with a staff member to discuss the conduct or participate in a mediated conversation.
  - d. Mutual Agreement:** For relatively minor infractions of the conduct code, where (1) the student accepts responsibility for the misconduct, and (2) both the student and Complainant agree to a sanction or sanctions prescribed by the Dean of Students, a final decision reflecting that mutual agreement may be issued. That decision will reflect that there will be no subsequent proceedings or right to appeal. The decision that is issued in these circumstances should be signed by both parties, and should specifically reflect the following:
    - 1) that the student accepts responsibility for violation of the specific Standards of Conduct related to the incident,
    - 2) that both the student and Complainant have been informed of their respective rights to move the matter forward to a conduct hearing as set forth in the Student Disciplinary Policy,
    - 3) that both have agreed to waive the rights to a hearing,
    - 4) that the decision/agreement reflects the mutual agreement of the parties and DOS for sanctions related to the violation(s), and
    - 5) that both parties understand their respective signatures on the agreement reflect their agreement with the terms of the mutual decision and a waiver of any appeal rights.
  - e. Dean of Students Review:** All complaints alleging a violation of the Standards of Conduct other than or in conjunction with academic integrity will be reviewed by the Dean of Students. The Dean of Students will determine if the complaint should be: dismissed based on insufficient grounds/evidence; referred for an informal response for mutual agreement/academic liaison; referred to another university department (per applicable policy or procedures); referred to an Administrative Hearing; or referred to a Student Conduct Committee Hearing.
  - f. Sex Discrimination Complaints:** For all reports of sex discrimination, please see Article VIII.
  - g. Referral to University Departments:** The Office of the Dean of Students may determine the case should be handled—instead of or in addition to the Dean of Students—by another office (e.g., Campus Housing, Center for Student Involvement, Campus Recreation, and UIC Police Department) and will refer the case to the appropriate office for review and action.
- 3. Student Conduct Process Informational Meeting:** When a decision has been made to initiate the student conduct process, a member of the Office of the Dean of Students may reach out to the involved parties to conduct an informational meeting to discuss the complaint, an overview of the disciplinary process, and any support or other resources a student may utilize during the disciplinary process. Afterward, the Office of the Dean of Student(s) may solicit a statement from the involved student(s).

## D. Notice to the Student

1. After receiving a complaint, the Dean of Students will send the respondent a written notice, a copy of the complaint, and information regarding where to obtain the Student Disciplinary Policy. The notice will include a copy of the Student's Rights and Responsibilities as set forth in Addendum B.
2. The standard and primary method of communication to correspond with students about matters covered by this policy is through university email (netid@uic.edu). Notices may also be delivered via US Postal Service, mailed to a student's address as listed in their official records held by the Office of the Registrar, hand-delivered to the student, or given to the student in the Office of the Dean of Students. The Dean of Students may place a hold on the records of a student who fails to comply with any notice.

3. Students may request a meeting with the Office of the Dean of Students to learn more about the Student Conduct process, the Student Disciplinary Policy, and any information related to the alleged violations.
4. Failure to respond to notices delivered via Article III, Section D2 may constitute a separate violation of this policy. Failure of the respondent to respond to these notices shall in no way prevent the University from scheduling and initiating the Student Conduct process (as outlined in Article III, Section C) in the absence of the respondent.

#### **E. Request for a Delay**

Requests for a delay related to the Student Conduct process will be considered only in extraordinary circumstances.

#### **F. Interim Measures**

1. Interim measures may be put into place at any time after the initial reporting of alleged misconduct for the following reasons (non-exhaustive list):
  - a. To protect the health, welfare, or safety of a student, student organization, or the university community;
  - b. To prevent or address significant disruption to the educational process and/or the normal operations of the University;
  - c. To provide legally mandated interim remedies, such as may be required for the University to comply with Title IX or as ordered by a court; and/or
  - d. If the student cannot be located and/or does not participate in the conduct process.
2. Interim measures for reports of sex discrimination are known as supportive measures and will be implemented in coordination with the Title IX Coordinator and subject to the limitations set forth in the Comprehensive Policy and Procedure on Sex Discrimination, Including Harassment.
3. If interim measures are necessary, the student(s) or student organization(s) affected by the measures will be provided with a written notice outlining the measures to be implemented. The interim measure notices will be sent to both the Complainant and the respondent where appropriate and subject to applicable notice limitations for supportive measures. In addition, the notices will specify the measures that have been put into place and the reason(s) for the action. Interim measures will vary depending upon the facts of each case.
4. Interim measures will not include a termination of the respondent's status as a student and will not be construed as a finding of responsibility. A student's failure to abide by any or all the interim measures may be considered an additional violation of the Student Disciplinary Policy.
5. Interim measures may include, but are not limited to:
  - a. Change of Campus Housing room assignment or temporary/permanent removal from Campus Housing;
  - b. Change of dining/parking/transportation arrangements;
  - c. Restrictions on participation in student organizations and/or student/university activities;
  - d. Change in work schedules/assignments;
  - e. Alteration of academic schedules;
  - f. Withdrawal from/retake of a class without penalty;
  - g. Limited access to university services;
  - h. Limited/Restricted access to university buildings/facilities;
  - i. No-contact directives;
  - j. Imposition of a disciplinary hold.
  - k. Interim Suspension
6. In addition to the interim measure(s) listed above, in certain circumstances, it may become necessary to impose interim measure(s) for a student organization while a conduct matter is being addressed. They may include, but are not limited to:
  - a. Temporary Suspension of All Activities of Student Organization (Cease & Desist): All operations and activities of the student organization must immediately end until further notice. This includes, but is not limited to, new members programs, social events, representation at University events, chapter meetings, electing new officers and hosting, sponsoring, or cosponsoring any event. The student organization will not be eligible to receive any campus privileges (e.g., reserving space).

#### **G. Interim Suspension**

1. If the Office of the Dean of Students becomes aware of a student whose continued participation within the university community poses an immediate threat to the health or safety of themselves or others, or poses an imminent threat of significant disruption to normal campus operations, the Dean of Students may implement interim suspension procedures. These procedures are to be utilized only in those extraordinary situations where, in the judgment of the Dean of Students, the prescribed Student Conduct process is not appropriate, or cannot be applied in a timely manner.
2. In the case of alleged sex discrimination and consistent with applicable federal regulations, an interim suspension will be available only when the University undertakes an individualized safety and risk analysis that determines that an immediate or serious threat to the health or safety of a Complainant or any students, employees, or other persons arises from the allegations of sex discrimination and justifies removal. In such cases, the University shall provide the

Respondent notice and an opportunity to challenge the decision immediately following the removal by submitting a written response to the Office of Dean of Students for consideration. Upon receipt of a challenge, a three-person panel will be convened from the members of the Student Conduct Committee to review the challenge and issue a determination.

3. An interim suspension may include, but is not limited to, the following:
  - a. Restriction from some or all university premises, including Campus Housing;
  - b. Partial or full prohibition from participating in classes, either in person or electronically/virtually;
  - c. Partial or full prohibition from participating in university-related activities;
  - d. Registration hold;
  - e. Graduation hold (if student is on the graduation list or scheduled to graduate within the semester of the suspension); and/or
  - f. Notification of suspension to relevant academic program or others, as appropriate.
4. The student will be notified of the interim suspension status by official UIC email, telephone, and/or in person. The notification will include an explanation for the imposition of the interim suspension and outline the restriction(s) and/or prohibitions imposed on the student during his/her suspension.
5. After the issuance of the interim suspension notice, the Dean of Students will inform all appropriate campus administrative units of the imposition of the interim suspension. The student will abide by the restrictions and prohibitions detailed in the notice until the hearing, and failure to do so may result in additional disciplinary action.
6. The Dean of Students will schedule a hearing within five (5) days of the student's receipt of the notice of the interim suspension, except in the cases of sex discrimination where a longer period may be required. An additional notification will be sent to the student with a date and time for the Student Conduct Hearing. The Hearing will be conducted as described within this policy (as outlined in Article VII). If the hearing is delayed or rescheduled (Article III, Section E), the suspension will remain in effect until the hearing has been completed.

#### **H. Student Organization Complaints**

1. Any person(s) having knowledge of any activity or conduct by a student organization that may constitute a violation of this policy (e.g., inappropriate use of spaces, lack of financial stewardship, etc.), should report using the Student Misconduct Incident Report at [go.uic.edu/ConductIR](http://go.uic.edu/ConductIR).
2. Student organization/team members and officers/captains should immediately report any incidents that occur within their student organization to the Office of the Dean of Students, providing a detailed description of the events that have transpired, the names of any individuals involved, and a description of any actions taken by the organization.
3. The determination of whether a case involves student conduct code violations by individuals and/or the student organization will be determined on a case-by-case basis by the Dean of Students.
4. Allegations of organizational misconduct involving sex discrimination will be referred to the Title IX Coordinator for appropriate action.
5. Hazing Allegations and Amnesty
  - a. Any person having knowledge of any activity or conduct, which may constitute hazing, should report it to the Dean of Students using the Hazing Incident Report at [go.uic.edu/HazingIR](http://go.uic.edu/HazingIR) or report directly to University Police.
  - b. Hazing Amnesty: Students who report a hazing complaint in good faith, or victims of hazing who participate in an investigation, will not be charged with other University policy violations that are brought to light in the course of the investigation arising out of, or committed as a direct result of, the hazing incident(s) under investigation (e.g., students forced to consume alcohol as part of a hazing incident will not be charged with violations of the University's alcohol policy), unless the University determines that the violation was egregious, including, without limitation, an action that places the health or safety of any person at risk, or constitutes sex discrimination. The University reserves the right to follow up with those students related to those issues as appropriate in a non-disciplinary setting.
6. Investigations
  - a. Upon receiving a report of alleged student organization misconduct outlined in Article I - Section E2, the Dean of Students may assign the case to an investigator.
  - b. The investigator will, at minimum:
    1. Make contact (if possible) with the individual(s) bringing forward the allegation(s);
    2. Make contact with the individual(s) alleged to have perpetrated the violations. If the conduct is organizational in nature, the investigator will contact the advisor and president of the organization under investigation;
    3. Conduct interviews with all parties, including victims, student(s) alleged in violating the Standards of Conduct, and any witnesses. Any person believed to have information relevant to an investigation may be contacted for an interview. The investigator may recommend interim measures (as described in Article III – Section F) to the Dean of Students at any point during the investigation;
  - c. Investigatory Meeting:
    1. The investigator may require students, or a select group of students (e.g., all new members of an organization)

to participate in an investigatory meeting at a pre-determined time and location. For purposes of scheduling, only the student(s) academic class schedule will only be taken into account.

2. Investigation Rules:

- a. All electronic devices must be turned off and collected upon arrival at the designated meeting/interview location.
- b. A staff member will remain in the waiting room for the duration of any meeting/interview during which more than one persons have been asked to attend;
- c. Students invited to participate in the interview process shall meet individually with the Investigator. After the student meets with the investigator, they will be dismissed and not permitted to re-enter the waiting room if other parties involved in the matter are present in that space.
- d. Any individual(s) refusing to cooperate with the investigation process may be referred for disciplinary action through the conduct process for Failure to Comply with University Directives.
- e. The investigator will also gather other relevant information or evidence, including, but not limited to documents, photographs, communications between the parties, medical records (subject to the consent of the applicable person), and other electronic records as appropriate.
- f. The University strives to work in partnership with the national or international offices of a student organization. To that end, the University may notify the national office of alleged organizational misconduct at any point in the process. Additionally, the University recognizes the right of a national or international office to initiate its own proceedings regarding alleged organizational misconduct. To the degree, the University believes it is appropriate, the University may honor any sanctions imposed by the national or international office of a student organization as additions to any sanctions the University imposed.

d. Conclusion of Investigation:

## **V. SANCTIONS**

### **A. Sanctioning Guidelines**

Sanctions are designed to promote the University's educational mission and safety of the university community, and to deter students from behavior that violates the Standards of Conduct. Some behavior may be so harmful or disruptive to the university community or to the educational process that it may require more severe sanctions. More than one sanction may be imposed in any one case. The following factors are generally considered when determining sanctions for a particular case:

1. The nature of the violation(s);
2. Prior findings of responsibility and sanction(s);
3. Mitigating circumstances surrounding the violation;
4. The student's motivation(s) for engaging in the behavior;

5. Impact of the behavior;
6. Sanctions which have been imposed in similar cases in the past;
7. The developmental and educational impact on the student; and
8. The overall impact on the university community.

It is important to note that students will NOT be subject to sanctions for a violation of the Standards of Conduct that is determined to be speech that is protected by the First Amendment. The Student Conduct Committee may make recommendations to the respondent(s) for educational activities or referrals to other offices and resources, but compliance with those recommendations is not mandatory and failure to comply will not lead to disciplinary action. The University reserves the right to take other non-disciplinary actions it deems appropriate to address or remedy the effects of the speech.

## **B. Disciplinary Holds**

A disciplinary hold is an administrative notation on a student's academic record that prevents the student from registering for classes, dropping, or adding courses, applying for graduation, and/or obtaining an official transcript. The Office of the Dean of Students reserves the right to place disciplinary holds throughout the student conduct process, including while conduct proceedings are pending. For example, a disciplinary hold may be issued when a student has failed to complete a sanction by the deadline, failed to attend a meeting with the Office of the Dean of Students, or was not enrolled when the alleged violation was reported. Any student Disciplinary holds are also placed when a student is suspended, dismissed, or expelled from the University. A disciplinary hold prohibits a student from registering for classes at any part of the University of Illinois System (Urbana-Champaign, Chicago, Springfield, or System offices) until the suspension or dismissal period is over and all sanctions have been completed. Any disciplinary hold issued within the University of Illinois System (Urbana-Champaign, Chicago, Springfield, and System Offices) may only be removed by the issuing institution. The duplication of the original organization's goals, purpose, activities, or services are not allowed.

**D. Submission of Sanctions**

If a student receives a sanction that requires follow up by DOS, then all documents and/or relevant materials should be submitted at [go.uic.edu/SanctionSubmission](http://go.uic.edu/SanctionSubmission).

**E. Transcript Notations**

When, as a result of a violation of the Student Disciplinary Policy, a student is placed on University Probation or Suspension, the University Probation or Suspension sanction may be notated on the academic transcript for the duration of the probation

or suspension period. When a sanction of Dismissal or Expulsion is imposed, the Dismissal or Expulsion sanction will remain as a permanent posting on the academic transcript.

## VI. RESOLUTION METHODS

### A. Academic Liaison Process

The Academic Liaison Process provides support to faculty in handling violations of academic integrity. The Academic Liaison Process allows faculty an opportunity to resolve the matter. A faculty Complainant or college representative for a faculty member may request resolution through the Academic Liaison Process, though this is not required. The Academic Liaison Process can be utilized only for violations of the Standards of Conduct for Academic Integrity (Article IV, Sections A & B).

- 1. Initial Contact:** A faculty member/Complainant or college administrative representative contacts the Office of the Dean of Students to initiate the Academic Liaison Process.
- 2. Meeting with Complainant and Development of Preliminary Resolution:** The Academic Liaison speaks to the faculty member or college representative either in person, by telephone, or via video conferencing and explains the various options within the Student Disciplinary Policy. If the faculty member or college representative wishes to continue with the Academic Liaison Process, the Liaison will ask the faculty member to provide a proposed preliminary resolution if the student admits responsibility. The resolution proposed by the faculty member may include, but is not limited to: a failing grade for the course in which the student is enrolled; a failing grade for the assignment in which the faculty member believes academic dishonesty took place; a letter of reprimand issued to the student; participating in an Academic Integrity webinar; and/or repeating the assignment in question. All proposed resolutions by faculty members must be within their scope of authority.
- 3. Student Notice:** The Academic Liaison will send a notice to the student via official UIC email outlining the Academic Liaison process, the preliminary resolution proposed by the faculty member, and a copy of the complaint. The student will also be presented with the option to accept or reject the preliminary resolution proposed. The Academic Liaison is available for an optional meeting with the student in person, by telephone, or via videoconferencing prior to the student's response submission. Instructions on how to request a meeting with the Academic Liaison will be included in the initial correspondence to the student.
- 4. Student Response:** The student must respond to the proposed resolution within (5) days of the student's receipt of the notification. The options available to the student are:
  - a. Accept the Resolution:** If the student chooses to accept the faculty member's preliminary resolution, a waiver of further review of the case is signed by the student. The case is then considered closed, and the results of the process are reported to the faculty member, Senate Committee, Dean of Students, Dean of the Student's college.
  - b. Reject the Resolution:** If the student does not accept the faculty member's preliminary resolution, a statement is signed by the student indicating the student's understanding of the various options afforded under the Student Disciplinary Policy and the consequences of choosing not to accept the proposed resolution. This decision is communicated to the Complainant/faculty member by the Office of the Dean of Students. The Complainant/faculty member will determine the appropriate next steps to resolve the matter. The Complainant may refer the case for formal disciplinary action. Failure of the student to either accept or reject the proposed resolution within five (5) days of notification will constitute an automatic rejection.
- 5. Failure to Respond to Notice:** In the event the student fails to respond to the Academic Liaison's notice within five (5) days or to provide a reasonable explanation as to why the student cannot participate in the Academic Liaison Process, the Academic Liaison will notify the Complainant/faculty member of the student's non-compliance with the process. The Complainant/faculty member can determine appropriate next steps for resolution of the matter.
- 6. Subsequent Violations:** The Academic Liaison Process may be utilized only for the first alleged violation of the Standards of Conduct against a student. Any subsequent alleged violations submitted as a formal complaint made against the same student may be forwarded to the Referral Committee or to a Student Conduct Hearing at the sole discretion of the Dean of Students.

### B. Mutual Agreement Process

When the Office of the Dean of Students receives a complaint and/or an investigative report that alleges that a Respondent may have violated relatively minor infractions of the Standards of Conduct, the Dean of Students can engage in the mutual agreement process. The mutual agreement process will consist of the following:

- 1. Respondent Notice:** Respondents are presented with a notice from the Dean of Students that provides a copy of the complaint and/or investigative report. In addition, alleged violations of the Standards of Conduct will also be included. Within this notice, the responsibility will be presented with the option to accept or reject responsibility for the alleged violations. The notice will include a URL link to access a form where the respondent will select their decision to the Dean of Students.

2. **Respondents' Response:** The respondent must respond back to the Dean of Students within five (5) days of the respondent's receipt of the notification. The options available are:
  - a. **Accept Responsibility:** If the respondent chooses to accept responsibility for the alleged violation(s), the respondent waives the right to a hearing, waives any appeal rights, and admits responsibility for violating ALL of the specified Standards of Conduct regulations. The respondent will have the opportunity to provide additional information and/or upload supporting documents that they would like to be considered as a part of the sanctioning process. The respondent and Complainant(s) may propose sanction recommendations that are reasonable and in accordance with this policy. The Dean of Students will review the submission and provide the respondent with a formal notice of sanctions within seven (7) days of receiving the respondent's decision submission. Upon completion of the sanctions, the matter will be considered closed.
  - b. **Rejects Responsibility:** If the respondent chooses to reject responsibility for the alleged violation(s), the mutual agreement process will be closed, and the matter will be formally referred to a hearing for resolution.
3. Failure of the respondent to either accept or reject responsibility of alleged violation(s) within five (5) days of notification will constitute an automatic acceptance.
4. A mutual agreement process cannot be offered to a respondent who has previously been found responsible for similar behaviors.
5. Final resolution of the mutual agreement process must meet the following criteria:
  - a. The Dean of Students and the respondent must agree that mutual agreement process is a reasonable option given the circumstances;
  - b. The respondent must accept responsibility for the violation(s) of the specified Standard of Conduct regulation(s);
  - c. The Complainant will be notified of the respondent's decision and will be invited to propose sanction recommendations to the Dean of Students that are reasonable and in accordance with this policy.

### C. Student Conduct Hearings<sup>3</sup>

Student conduct hearings are non-adversarial, fact-finding proceedings that occur to address alleged violations of the Standards of Conduct. It is the responsibility of the Hearing Committee/Hearing Chair to ask all relevant questions, determine the admissibility and relevance of all materials, establish reasonable guidelines for the presentation of information, render decisions based on the materials and information provided, and impose sanctions where appropriate. The hearing process provides the Complainant and/or respondent with an opportunity to:

- Review the available case information;
- Share their perspectives on what happened, including presenting witnesses' relevant evidence; and/or
- Describe the effects the incident has had on the student and others, both negative (harm caused) and positive (lessons learned).

1. **Notice:** Complainants and respondents will be provided with written notice of the hearing date, time, location, and purpose of the hearing prior to the hearing date. The notice will include a description of the procedures to be followed at the hearing. The respondent and Complainant both have the opportunity to provide written statements about the incident prior to the hearing but must provide the information by the stated deadline(s).
2. **Objectives:** The hearing shall have the following objectives:
  - a. Inform the parties and committee members of the charges;
  - b. Give the student(s) involved an opportunity to present their respective positions and to respond to the charges;
  - c. Consider evidence, testimony, and credibility of the students and witnesses;
  - d. Determine, using a preponderance of the evidence standard, if respondent is responsible for any or all of the alleged violations of the Standards of Conduct;
  - e. Consider and impose appropriate sanctions.

### D. Administrative Hearings

An administrative hearing is a conduct proceeding conducted by a member of the staff in the Office of the Dean of Students to hear cases involving minor infractions (not to include sex discrimination). Administrative hearings are conducted for complaints that are likely to result in the following outcomes (if the respondent was found responsible for violating the Standards of Conduct): Administrative Sanctions, Developmental Sanctions, Academic Sanctions, Campus Housing Sanctions (A & B), and Student Organization Sanctions (A & B).

1. The Office of the Dean of Students will arrange an administrative hearing with the student. During the administrative hearing, the alleged violations will be reviewed, the student will have an opportunity to respond to the alleged violations of the Standards of Conduct, an explanation of the possible outcomes/sanctions will be discussed, and the student will be notified that future misconduct could result in more serious disciplinary actions. Within a reasonable period of time, not to exceed five (5) days after the hearing, a written notification will be sent to the student containing the outcome of the hearing.
2. If the respondent chooses not to meet with the administrative hearing officer by the given deadline, the hearing officer may proceed with the determination of responsibility and any sanctions (limited to those described above). Depending

on the nature of the case, the hearing officer may instead place a hold on the student's record, preventing registration until the student has met with the administrative hearing officer.

## VII. HEARING GUIDELINES AND INFORMATION

### A. Hearing Guidelines

These hearing guidelines and information apply to all Student Conduct hearings unless otherwise noted. Additional guidelines applicable to Student Conduct hearings for sex discrimination are included in Article VIII.

- 1. Confidentiality:** Student Conduct Records are maintained in accordance with the UIC Student Records Policy, as well as applicable Federal and State laws. Student Conduct Records may be shared with university officials on a need-to-know basis. Please review Article XII for additional information on Student Conduct Record retention.
- 2. Incidents Involving Multiple Students:** When more than one student is involved in the same incident, the Dean of Students will determine the appropriate approach to resolution, balancing students' privacy rights with the institutional resources available to provide a timely and fair resolution. If a decision is made to combine the hearings of all the students involved in an incident, all participating parties (Complainants and respondents) will be present for the reading of the charges, opening remarks, Complainant's presentation of evidence and witness testimony, and closing statements. However, at the time the individual respondent presents his/her case, the other respondent(s) and his/her advisor(s) or legal counsel and witnesses may be excluded from the proceedings unless otherwise agreed upon by the respondent(s) and the committee.
- 3. Notification of Hearing Outcome:** Within five (5) days of the conclusion of the hearing, a written decision will be issued to the respondent and all appropriate parties.
- 4. Advisors/Support Person:** The Respondent and the Complainant have the right to have one support person (as defined herein) present during the hearing. Due to extenuating circumstances, the Office of the Dean of Students may allow for more than one advisor/support person. The role of the advisor/support person will be restricted to supporting the respective parties.
- 5. Participants in Hearing:** All hearings are closed except for the following individuals: administrative hearing officer or members of the Student Conduct Committee, the Complainant(s), the respondent(s), advisors/legal counsel, witnesses, and the Dean of Students.
  - a. Witnesses:** A witness is someone who directly observed an incident or has direct or indirect knowledge related to an incident. Witnesses should be able to speak knowledgeably about the incident and be able to provide relevant facts to the Office of the Dean of Students. Reliable witnesses are critical to the integrity and effectiveness of the Student Conduct process. Except in the case of sex discrimination complaints, Witnesses cannot participate solely to speak about an individual's character. The respondent, the Complainant, and/or the Office of the Dean of Students may request relevant witnesses to participate in the Student Conduct process. The Office of the Dean of Students may request a written statement from the witness and/or a meeting with the witness prior to the hearing. All witness statements are submitted through [go.uic.edu/WitnessForm](http://go.uic.edu/WitnessForm).
  - b. Student Organization Representative:** The individual, or individuals (no more than three), selected by the Student Organization to speak on the Organization's behalf. The Organization Representative may be, but is not required to be a member of the Organization's leadership structure (e.g., President, Vice President, Team Captain, etc.).
- 6. Personal Safety Consideration:** The Dean of Students will accommodate concerns for the personal safety, well-being, and/or fears of confrontation of the respondent, Complainant, victim/survivor, or any witnesses during the hearing by taking appropriate and reasonable measures. In situations where reasonable fear for physical safety and/or retaliation exists, the Hearing Chair reserves the right to adjust the hearing format, including having police present and/or using technology to allow parties to participate in a manner that addresses the concerns while allowing the process to move forward.
- 7. Quorum:** For a Student Conduct Hearing, a quorum consists of four voting members of the Student Conduct Committee. For a Student Conduct Hearing related to allegations of sex discrimination, a quorum consists of four voting members of the Sex Discrimination Committee, who have received specialized training in Sex Discrimination. For an Administrative Hearing, the Dean of Students hears the case and determines the outcome.
- 8. Record of Hearing:** For a Student Conduct Hearing, the Dean of Students will maintain a record of the hearing which may be in the form of a written summary or transcript of the proceedings or an audio recording. The record of the hearing will be made available to the Complainant and/or respondent upon written request. Such records will be in the same format it is maintained. If either party seeks a copy of the record, it will be provided at no cost for the first copy. However, the initial request must be received within ten (10) days of the conclusion of the hearing. Subsequent requests for copies of the hearing record will be assessed as a fee equal to the actual cost of duplication and the fee must be received before the requested copy will be released. Administrative Hearings are not recorded.

- 9. Remote Participation:** Any party, including the respondent, Complainant, or any witness, may participate in a hearing remotely by way of telephone, videoconferencing, or other appropriate means provided the identity of the person participating remotely is known to all parties and all other guidelines and procedures described in this Student Disciplinary Policy are followed.
- 10. Reasonable Accommodations:** UIC is committed to creating a learning environment and academic community that promotes educational opportunities for all individuals, including those with disabilities. Students should contact the UIC Disability Resource Center to submit requests for accommodations related to proceedings under this Policy. The requests should be made in a timely manner prior to the proceedings in order to arrange for reasonable accommodations.
- 11. Testimony and Evidence:** The hearing committee/hearing officers will make determinations based on all available information and materials determined to be credible and relevant to the matter under consideration. Failure of the respondent to be present or participate in the proceedings will not be construed as an admission of responsibility. Likewise, failure of the Complainant to participate in the proceedings will not be construed as evidence that favors the respondent.
- 12. Timeliness of Conduct Process:** The University strives to complete the Student Conduct process, including the time for any hearings or appeal processes, within sixty (60) days. There are, however, many factors that may affect the length of time needed to complete various portions of the resolution process fairly and equitably. Consequently, some matters will be resolved before the designated time frames, and some may require additional time.
- 13. Standard of Proof:** A preponderance of the evidence, or “more likely than not”, standard is the official evidence standard of the Student Disciplinary Policy. In this context, the respondent will be found to be responsible for the alleged violations if the hearing officer/hearing committee concludes that it is more likely than not that, based on a careful review of all credible and relevant information presented, the respondent is responsible for the alleged acts/behavior and these acts/behaviors constitute a violation of the Standards of Conduct.
- 14. Hearings in Absentia:** If a student Complainant or respondent does not attend the hearing, the case may proceed to disposition without the student’s participation.

## VIII. SEX DISCRIMINATION INVESTIGATION AND HEARING GUIDELINES

UIC will conduct hearings to address complaints of sex discrimination following the procedures outlined in this section of the Policy. Sex Discrimination includes hostile environment harassment, sexual assault, dating violence, domestic violence, stalking, sexual violence, and sexual exploitation. For more information, please consult the Comprehensive Policy and Procedure on Sex Discrimination, Including Harassment.

### A. Sexual Misconduct Complaints

#### 1. Filing Complaints of Sexual Misconduct

Those who believe they have been subjected to Sex Discrimination, as defined in the Comprehensive Policy on Sex Discrimination, Including Harassment have a variety of options for reporting, including filing a Complaint under this Policy. Complaints filed with the Dean of Students involving allegations of Sex Discrimination are referred to the Title IX Coordinator in the Office for Access and Equity. The Dean of Students or Title IX Coordinator may implement supportive measures prior to, during, and/or upon the completion of the Sex Discrimination investigation.

### B. Sex Discrimination Investigations

1. Investigations of Sex Discrimination will be handled according to the Comprehensive Policy and Procedures on Sex Discrimination, Including Harassment. Once the investigation is completed and unless the complaint is dismissed, the investigator will refer the matter to the Dean of Students for adjudication in accordance with this Policy.

### C. Hearing Guidelines and Information

Sex Discrimination Hearings shall proceed consistent with the following guidelines::

- 1. Evidence review:** The Parties shall have an opportunity to review the relevant and not otherwise impermissible evidence in advance of the live hearing.
- 2. Live hearing:**
  - a. Location:** The live hearing may be conducted with the parties physically present in the same geographic location or with the parties physically present in separate locations, with technology enabling the student conduct committee and parties to simultaneously see and hear the party or the witness while that person is speaking.
  - b. Questioning of Parties and Witnesses:**
    1. The Hearing Chair and members of the Student Conduct Committee will have an opportunity to ask questions to Parties and witnesses during the live hearing that are relevant and not otherwise impermissible. They may also question the parties and witnesses to adequately assess their credibility, to the extent that credibility is both in dispute and relevant to evaluating one or more of the allegations.

2. Parties may propose to the Hearing Chair such questions that the party wants asked of any party or witness and have those questions asked by the Chair when the Chair determines that the questions are relevant and not otherwise impermissible. Prior to excluding a proposed question, the Hearing Chair will explain the decision to exclude the question as not relevant or not otherwise permissible. If the Hearing Chair decides that questions are unclear or harassing, then the party proposing the question will have an opportunity to revise the question. The Chair will determine whether the revision sufficiently clarifies or revises a question such that it is no longer unclear or harassing and will then pose the sufficiently revised questions.

**3. Record:** The University will create an audio or audiovisual recording or transcript of the live hearing and make it available to the parties for inspection and review upon request.

#### **D. Protection from Retaliation**

Retaliation for participation in the process is prohibited by University policy and will be addressed pursuant to the Comprehensive Policy and Procedure on Sex Discrimination, Including Harassment.

#### **E. Timeliness of Process**

There are many factors that affect the length of time needed to complete various portions of the resolution process fairly and equitably. Once the Title IX investigation is complete, the Dean of Students will move to schedule a hearing as soon as all parties are available to participate but not sooner than ten (10) days from the date the parties and their advisors, if any, receive the Title IX misconduct investigation or sexual misconduct investigation evidence.

#### **F. Request for Delay**

Requests for delays will be considered on a case by case basis, but are typically not be granted in sex discrimination cases.

#### **G. Notice**

Complainants and respondents will be provided with written notice of the hearing date, time, location, identify of participants, and purpose of the hearing prior to the hearing date. The notice will include a description of the procedures to be followed at the hearing. The respondent and Complainant both have the opportunity to provide written statements about the incident prior to the hearing but must provide those statements by the stated deadline(s).

#### **H. Amnesty Provision for Alcohol/Drug**

To encourage reporting, the University will not pursue disciplinary actions for alcohol/drug violations against a student making a good faith report of Sex Discrimination. The University may utilize educational responses as appropriate through the Office of the Dean of Students.

#### **I. Advisors for Sex Discrimination Hearings**

Prior to the Sex Discrimination hearing, the Complainant and Respondent may each choose an advisor, which may but need not be an attorney, to accompany them to the hearing. If a party chooses to have an advisor present with them, the party must notify the university of the name and contact information for their advisor at least \_\_\_\_\_ days in advance of the hearing. Support Person/Advocate for Sex Discrimination Hearings. The Respondent and Complainant are allowed to bring a support person as described in Section VII, Part A, Subsection 4, in lieu of or in addition to an advisor as described above.

#### **J. Consideration of Evidence**

- a. The Student Conduct Committee cannot draw an inference about whether sex discrimination occurred based solely on a party's or witness's absence from the hearing or refusal to respond to questions. The Student Conduct Committee will consider all relevant and not otherwise impermissible evidence presented at the Hearing. The Hearing Chair makes relevancy/permissibility determinations regarding offered evidence.
- b. Impermissible Evidence: The Student Conduct Committee will not require, allow, consider, rely upon, or otherwise use questions or evidence that constitute, or seek disclosure of the following:
  1. Information protected under a legally recognized privilege or was provided to a Confidential Employee (as defined by the Comprehensive Policy and Procedures on Sex Discrimination, Including Harassment), unless the person who is owed such privilege has voluntarily waived the privilege.
  2. A party's or witness's records that are made or maintained by a physician, psychologist, or other recognized professional or paraprofessional in connection with the provision of treatment to the party or witness, UNLESS the recipient obtains that party's or witness's voluntary, written consent for use in these proceedings.
  3. Evidence that relates to the Complainant's sexual interests or prior sexual conduct, UNLESS evidence about the Complainant's prior sexual conduct is offered to prove that someone other than the respondent committed the alleged conduct or is evidence about specific incidents of the Complainant's prior sexual conduct with the respondent that is offered to prove consent to the alleged sex-based harassment.

## K. Sex Discrimination Hearing Committee

Members of the Student Conduct Committee who serve in hearings related to Sex Discrimination will consist of those members who have received specialized training consistent with the requirements of applicable law. Members of the Student Conduct Committee may not participate as hearing committee members in any hearing where they were otherwise involved in the Sex Discrimination investigation or any previous complaint resolution procedures associated with the allegations being considered in that hearing. The Complainant and respondent will receive notice prior to the Student Conduct Hearing of the Student Conduct Committee members and Hearing Chair in their proceeding and will have the opportunity to request a substitution if any said member has a conflict of interest or bias for or against Complainants or respondents generally or an individual Complainant or respondent.

---

# IX. HEARING PROCEDURES

## A. Administrative Hearings

The Complainant, respondent, and witnesses may be present for a hearing with the Administrative Hearing Officer. The Administrative Hearing will utilize the following format:

1. The students may ask questions about the Student Conduct process;
2. The administrative hearing officer will review the facts of the complaint, as well as any other relevant case information received;
3. Students can respond to the information by providing their perspectives on the incident and alleged behaviors;
4. Students may present information and/or witnesses relevant to the allegations;
5. The hearing officer will ask questions of the students and witnesses;
6. Students can acknowledge or deny responsibility for the alleged violation(s);
7. The hearing officer will determine whether the respondent is responsible for the alleged actions/behavior and, if so, will consider and impose appropriate sanctions;
8. The hearing officer will inform the students of the decision.

## B. Student Conduct Hearings

Hearing proceedings will follow the format described below and, for hearings involving allegations of Sex Discrimination, as supplemented or amended by the procedures for Sex Discrimination Hearings in Article VIII. The hearing is not conducted as a civil or criminal proceeding and consequently strict rules of evidence do not apply. At the sole discretion of the Hearing Chair/Student Conduct Committee members, changes may be made to the hearing format to accommodate special circumstances. It is within the sole discretion of the Student Conduct Committee and Hearing Chair to determine the relevance of any information, materials, or testimony, and to refuse to direct questions to the parties/witness and/or refuse to accept information, materials, or testimony it considers immaterial, irrelevant, or otherwise impermissible. The Student Conduct Committee hearing will utilize the following format:

- 1. Introduction/Reading of Alleged Violations:** The Chair of the Student Conduct Committee will convene the hearing by requesting that all individuals present state their identity. He/she will then read the alleged violations of the Standards of Conduct.
- 2. Opening Statements:** The Complainant and respondent may each make a brief opening statement for the purpose of providing the hearing committee with a short summary of their positions relevant to the complaint and the materials/witnesses to be presented.
- 3. Presentation of Evidence:** The Complainant and respondent may formally present to the hearing committee any and all information, materials, and witness testimony to support his/her position. In cases involving allegations of Sex Discrimination, a Title IX Investigator will present the investigation report to the hearing committee as well and will be present for the entire hearing.
- 4. Questioning of Parties/Witnesses/Investigator:** Following the presentation of each individual (Complainant, respondent, investigator, and witnesses), questions will be posed first by the committee, then by the opposing party. All questions from one party directed to the other must be made through the Hearing Chair. The hearing committee, through the Chair, may recall anyone who provided testimony. Once all information, materials and testimony have been presented, the hearing committee, Complainant and respondent are provided with a final opportunity to ask additional questions or provide additional information to the Student Conduct Committee.
- 5. Closing Statements:** The Complainant and respondent may each make a closing statement. The closing statement should be a short summary of the materials and information presented during the hearing and any relevant information that the student would like to share with the hearing committee.
- 6. Executive Session:** The hearing committee will excuse all participants and enter into executive session during which the committee will assess the relevancy of the information presented as well as the credibility of the parties and witnesses. The

hearing committee will decide (based on a simple majority vote): (a) whether or not, by a preponderance of the evidence, the respondent is responsible for the alleged violation(s) of the Standards of Conduct, and, if so, (b) what sanctions are appropriate. Only after determining responsibility will the committee consider any previous sanctions imposed on the respondent through the Student Disciplinary Policy. The review of any previous sanctions will include all disciplinary actions taken as a result of an Administrative Hearing, the Academic Liaison Process, or imposed by a hearing or appeal committee. The deliberations of the executive committee are not recorded.

---

## X. APPEAL PROCESS

The Dean of Students office will review all requests for appeal to determine if the requestor has asserted appropriate grounds for appeal. Appeals will not be granted based solely on a party's disagreement with the outcome.

### A. Filing an Appeal

1. The Respondent may file a request for appeal no later than five (5) days after receipt of the outcome of the hearing where the Respondent has been found responsible for violating one or more of the Standards of Conduct.
2. Either party may file a request for appeal no later than five (5) days after receipt of the outcome of a hearing involving allegations of sex discrimination.
3. The request for appeal must be submitted through the Student Conduct Appeal Form at [go.uic.edu/conductappeal](https://go.uic.edu/conductappeal) and must include (a) a statement explaining the grounds for the appeal, (b) all relevant supporting evidence and documentation, and (c) the desired outcome of the appeal request.

### B. Grounds for Appeal

An appeal must be based upon one or more of the following grounds:

1. **Procedural Error:** A procedural error occurred in the handling of the complaint that would change the outcome of the hearing.
2. **New Evidence:** New evidence exists, sufficient to alter a decision, which was not reasonably available at the time of the original hearing. Information will not be considered "new evidence" if the respondent or Complainant did not attend the original hearing or voluntarily withheld information during the original hearing.
3. **Sanction(s) Disproportionate with Violation(s):** The sanction(s) imposed are substantially disproportionate to the severity of the violation(s) of the UIC Standards of Conduct for which the student was found responsible.

### C. Appeal Review Process

1. The Appeal Committee will, except as required to explain the basis of new evidence, limit its review to the record of the initial hearing, including any documents or written statements considered by the hearing officer/committee, and any supporting documents and statements submitted by the parties as part of the appeal process.
2. After reviewing the request, the Appeal Committee designated to review the appeal will make one of the following determinations: The appeal is denied because (a) none of the grounds for an appeal has been met or (b) the appeal is granted because one or more of the grounds for an appeal have been met. The Appeal Committee may uphold the original disciplinary decision and deny the appeal, modify the original disciplinary decision, or remand the matter for a new hearing or remand review.
3. The Appeal Committee will issue its written decision to the respondent within a reasonable period of time not to exceed 30 days from the date the appeal was received. For cases involving allegations of sex discrimination, both parties will receive written notification, simultaneously, of the final determination of the Appeal Committee within 7 days of the Appeal Committee's decision.

### D. Finality

The decision of the Appeal Committee and any decision resulting from a remand review or hearing are final and no further appeals are allowed. All decisions shall be reported to the respondent, the Complainant, and all appropriate University administrators. The results relating to the complaint become final either on the date the parties are provided with the written determination of the result of any appeal, if an appeal is filed, or if an appeal is not filed, the date on which an appeal would no longer be considered timely.

---

## XI. REMAND HEARING AND REVIEW

### A. Remand Hearing and Review Information

1. A Remand Hearing is a Student Conduct proceeding which may be ordered by the Appeal Committee when the Appeal Committee has determined that a procedural error occurred and/or new evidence is presented that was not reasonably available during the original hearing and due to these factors, the outcome of the original hearing would have changed.
2. If a determination is made by the Appeal Committee that the sanction(s) imposed by the original hearing were disproportionate with the violation(s) for which the respondent was found responsible, the case will be referred to a Remand Review.
3. If a remand hearing or review is ordered, the Appeal Committee must state, in writing, the reason for the new hearing or review. The remand hearing or review will be scheduled within fifteen (15) days after the date the Appeal Committee issues its decision. All documents submitted for consideration at the remand hearing or review must be filed with the Dean of Students five (5) days before the date of the remand hearing or review. At least three (3) days prior to the remand hearing or review, the Dean of Students shall provide the parties with copies of all materials produced or delivered related to the appeal.

### B. Remand Committee

The Remand Committee will have the same composition as a Student Conduct Committee, but no member of the Remand Committee will have served as the hearing chair, or member of the original hearing committee, referral committee, or appeal committee. A Remand Committee is used for both remand hearings and reviews.

### C. Remand Procedures

1. The Remand Hearing will follow the hearing format outlined in Article IX. A written decision of the Remand Committee will be issued within five (5) days after the conclusion of the hearing. A copy of that decision will be issued to the parties and all appropriate administrators.
2. For a Remand Review, the Remand Committee will review the entire hearing record with the sole purpose of determining appropriate sanctions and/or if the original sanctions were disproportionate with the violations. The Remand Review will not revisit the issue of responsibility on the original charges decided by the administrative hearing officer or the Student Conduct Committee. A written decision of the Remand Committee will be issued within five (5) days after the conclusion of the review. A copy of that decision will be issued to the parties and all appropriate administrators.

---

## XII. STUDENT CONDUCT RECORDS

### A. Retention of Student Conduct Records

1. Upon the conclusion of a student conduct hearing, the hearing committee members are required to return to the Dean of Students all documents pertaining to the complaint. These documents include, but are not limited to, incident reports, police reports, and written statements from witnesses and/or the parties.
2. In compliance with all applicable laws and university policies, the Office of the Dean of Students maintains student and student organization disciplinary records for a period of seven (7) years from the date of the final decision or resolution. Files will be maintained permanently for all pending incidents and incidents resulting in suspension, dismissal, or expulsion. For all student conduct cases, a student's disciplinary record includes the investigation into the Sex Discrimination complaint, any determination regarding responsibility, any audio or audiovisual recording or transcript of the hearing, any disciplinary sanctions imposed on the respondent, and any appeal and the result therefrom.
3. Student organization misconduct resulting in a sanction of probation, suspension or revocation will be listed on the Office of the Dean of Students website ([go.uic.edu/student\\_organizations](http://go.uic.edu/student_organizations)). Interim measures imposed by the Dean of Students may also be listed on the Office of the Dean of Students website.
4. In compliance with the Family Educational Rights and Privacy Act of 1974 (FERPA) and the UIC Student Records Policy ([go.uic.edu/records\\_policy](http://go.uic.edu/records_policy)), disciplinary records may only be disclosed with the student's written consent or as otherwise allowable by law.

## STUDENT CONDUCT DEFINITIONS

### Student Conduct Definitions

The following definitions shall apply to this policy:
